HOW WILL NEW RADIOCAST SET AFFECT ETHER?

Public Commends Plans for Giving Southtown Broadcast Station

"... how will ... on my set"

That is one ... ions everybody is asking about the 500-watt radiocast station to be established this fall in the Southtown Economist plant at 728 W. 65th st. Since the wave length has not yet been definitely assigned, information as to just what stations' programs will be interfered with cannot be given.

Generally speaking, however, there's this to be said. A wave length of less than 300 meters has been applied for to avoid entering the locally congested field found in higher wave lengths.

Supposing the length assigned should be in the neighborhood of 275 In that case, the only stations from which interference would be possible, on reasonably selective sets, would be WTAF, at Elgin, and WTAY, at Oak Park, where wave lengths are 286 and 283 respectively.

There would be no interference experienced in tuning in on Chicago stations with tube sets that now discriminate between WGN, 370 meters, and WLS, 345 meters, since all the local broadcasters, with the exception of Oak Park, have the higher wave lengths

So great is the variety of selectivity in crystal sets that it would be difficult to state any general rules.

Comments on the proposition which have reached our ears are universally commendatory

"The most progressive, far-reaching step ever taken in Southtown toward advertising the community," is the opinion of W. G. Tegtmeier

"Without question," said the president of the Englewood Kiwanis club and proprietor of the sporting goods store at 6435 Halsted st., "it will prove of much benefit to Southtown in general."

"I believe the Southtown Economist radiocast station will be a mighty good thing for the community," said Raymond J. Crist of the firm of Webster and Crist, druggists at 1531 W. 63rd st. "It will let people throughout the country know we are here—although we have no hotel yet."

Then there are the skeptics.

"There's many a slip you know," said Kenneth F. Beers, local Y. M. C. A. representative. "Putting in a radiocasting station is no small job—and I'm waiting to hear your programs. But your concern has accomplished things before, and, I've no doubt you'll see it through."

CIVIC ASSOCIATION WILL RESUME MEETS

Activities of the Englewood Civic and Commercial association will be resumed September 3. There will be a noonday session in the store of George Dow, 338 W. 63rd st. Gerald Sullivan and P. F. Lods, of the Englewood Times, will be hosts. Erwin Penhallegon, president, has not arranged for an outside speaker, as he expects to have the meeting devoted to consideration of business important to the association.

TO RESUME BUSINESS MEN'S LUNCHEONS

Announcements were mailed Tuesday to members of the Englewood Business Men's association of the first meeting of the fall season, to take place Thursday, September 4. As formerly, the luncheon will be held at the Englewood Business college hall, 741 Englewood ave.

McCULLOUGH POST ELECTS DELEGATES

Timothy J. O'Connell, 11722 Longwood drive, and John E. Hugnelet, 7405 Harvard ave, will represent Leroy A. McCullough post of the American Legion as delegate and alternate, respectively, at the state convention to be held at Champaign, Ill, September 2, 3 and 4. Election for the representatives was held at the last meeting of the post.

The men will leave Chicago Monday and return Thursday evening.

COMBINED TRAINS THRU ENGLEWOOD STATION IN YEAR 7,745 MILES

15,000 PASSENGERS HANDLED DAILY IN UNION AND WALLACE 63RD ST. DEPOTS

Ten railroads coming into Chicago by way of Englewood stations where nearly 15,000 passengers are handled daily have played a big part in the community's prosperity and growth. At the Union station between State st. and Wentworth ave. on 63rd st. 242 trains daily pass in and out, while ninety-one pass through the Wallace st. station. And every train stops with the exception of one Erie express.

Edward B Martin, 8922 Normal ave., station master at the Union station, estimates that 10,000 people take or leave trains there every day. Between 4,000 and 5,000 use the Wallace st station in the same length of time. Of these numbers about two-thirds are suburban residents while the remainder have traveled longer distances. The large number of pullman tickets sold shows that long-distance travelers take advantage of the south side service.

The Monon, Chicago and Eastern Illinois, Erie, Chicago and Western Indiana, Wabash, and the Chesapeake and Ohio roads pass through the Wallace st. station while the Pennsylvania, New York Central, Rock Island, and Nickel Plate operate by way of the Union station.

Every morning at 9:30 o'clock two fast trains, the Pennsylvania's Broadway Limited and the New York Central's Twentieth Century, meet at the Englewood Union station to dispose of passengers from New York City or intervening cities. Their routes after leaving Chicago are widely divergent, but at 63rd st. the twenty hour flyers arrive almost simultaneously, while more trains to the east and southeast go through this station than any other in Chicago.

Each day 320 sleeping and parlor cars depart or arrive at this station. Figures for 1923 show that the 644,350 cars and engines which passed through, averaging 65 feet in length, would form a train 7,745.4 miles in length if placed end to end. Passengers totaled about 3,650,000; baggage, 192,000 pieces, United States mail, 3,825,000 pounds, railroad mail bags, 39,420; pieces of railroad mail, 1,477,500; and trains stopping, 81,502.

ARREST OF THREE BOYS CLEARS SAME NUMBER BURGLARIES

YOUNGEST OF TRIO, 12, CLIMBED THROUGH WINDOW BARS, THEN OPENED DOOR

Confessions made by three boys, the youngest 12 years old, arrested on suspicion Sunday night by Officers Joseph Burke and John Kielty of the Englewood station cleared up three burglaries committed in the district during the past month.

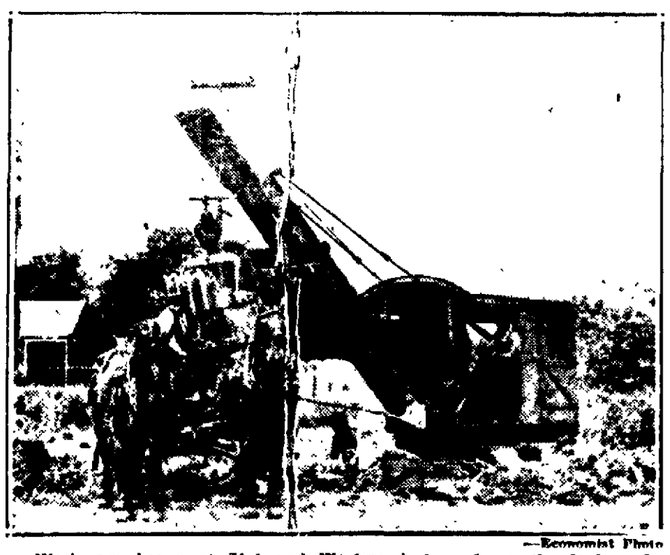
The boys, who are David Fleming, 12, 4852 Racine ave, James Griffin, 15, 619 W. 62nd st., and Frank Paulan, 623 W. 62nd st., were questioned when they were found loitering in the alley in the rear of the Liberty Meat market, 413 W. 63rd st. When they were unable to give an account of themselves the officers took them to the station and after a short questioning they confessed.

They admitted having broken into the Victory Grocery, 253 W. 63rd st., the Englewood Fruit store, 414 W. 63rd st., and Herman Klein's meat market at 6016 Halsted st. In the first place they found $10 in the cash register and in the second they stole $30. In Klein's, which was burglarized Thursday, nothing was taken.

David, the youngest boy, who the police state is now on probation from the juvenile home, entered the places by climbing through the bars on the rear windows. He then opened the door for his companions. He and Griffin were sent to the juvenile home and Paulman was arraigned in the Boys' court Tuesday on three charges of burglary.

AUTO OWNERS REPORT FOUR TIRES STOLEN

Tire thefts were reported to the police last week by Thomas DeGrove, 334 W. 65th st., and William Dunbar, 508 Tremont st. At the former address two Miller cord tires, size 31 by 4, were stolen about noon Thursday. Dunbar lost a Racine cord and a Firestone fabric tire from his garage Tuesday evening, August 19.



—Economist Photo

Work was begun at 71st and Western last week on the laying of a double track car line extension on 71st from Western to California. Here they are digging.

BIG INCREASES EXPECTED WHEN SCHOOLS OPEN

Parker Junior High to Take Brownell, Yale and Kershaw Pupils

Tuesday following Labor day will mark the reopening of Chicago's public schools. Authorities predict an enrollment of 475,000, which will mean a shortage of nearly 54,000 seats. Four new schools will care for 6,096 pupils, while additions have been completed at three buildings and are under way in other localities.

This year for the first time seventh and eighth grade students from Yale, Brownell, and Kershaw schools will attend the Parker junior high, as a result of the formation of a junior high district there, part of the board of education's plan to test out the "6-3-3" system at five centers in the city.

W. R. Hatfield, principal of Parker junior high, has requested that all students of these grades be at school as early Tuesday morning as possible. They must go to their old schools first, and there be given transfers. Mr. Hatfield expects an enrollment of about 850.

To accommodate the larger enrollment, six high school class rooms have been given over to the junior school and five portables added. A new principal of the Parker grades will be appointed, since the added burdens of the district junior school make it impossible for Mr. Hatfield to handle the grades also, as heretofore.

Increases at Englewood High

Englewood high school will, without doubt, show a marked increase in registration and will pass the 4,000 mark, it is believed. Evening school classes will open September 15, with September 12 as the first day for advance registration. The fall term ends December 4 and the winter term extends from January 5 to March 12.

St. Brendan's parochial school is expected to have an enrollment of 1,000 when it opens Tuesday. Twenty-eight instructors will make up the teaching staff, and two or three rooms will be put into use in addition to those occupied by the school following the opening of the new building in February, 1923. Accommodations are provided for 1,200 pupils in the institution at 67th and Elizabeth sts.

The $450,000 addition to Wentworth school, now under construction at 6950 Sangamon st., probably will be opened in the course of the second semester, which begins in February. With ten rooms and a seating capacity of 480, this building would relieve the overcrowded condition at the school. The cost of the school brought out the fact that the approximate charge for providing a seat for one child is $450.

Get Transfers This Week

Third, fourth, fifth and sixth grade students in the Harper school district, who cannot be cared for in their home school during the coming term as a result of the establishment of one of the test junior high schools there, have been requested by Walter J. Harrower, Harper principal, to secure their transfers before the opening day of school, September 2.

To make this possible, Mr. Harrower has arranged to be at the school between 9 and 12 o'clock on Thursday and Friday mornings, August 28 and 29, to give out the cards.

It is estimated that there will be about 850 students in the new secondary school. The number is not the building's capacity. The test junior highs will offer only seventh and eighth grade work this year, since all students finishing eighth grade last year will go to the four year high schools. Room is, therefore, being reserved for the other grade next year. Meanwhile, the space is being utilized for other purposes.

Students of the four grades that will not be taught at Harper will be transferred to the neighboring school most conveniently situated, Mr. Harrower said. Probably those east of Ashland will be sent to Bass and those west of Robey to the Harper branch on Oakley ave. The children living between the two streets will likely go, those north of 65th to the Earle school, and those south to Raster.

"However, the purpose of the board of education is to make the changes as convenient as possible," said Mr. Harrower, "and I am sure, where there is any preference on the part of the students' parents, it will be given most careful consideration."

The following letter to parents of Harper junior high school students, explaining the advantages of the new system, has been drawn up and signed by local principals and school superintendents, and the president of the board of education:

"To parents and guardians of children attending Harper Junior High school:

"Ladies and Gentlemen.

"The Chicago Board of Education, after a study of the junior high schools of New York, Rochester, Detroit, Pittsburgh, Cleveland, and other American cities, has authorized the organization of the above named school under a similar system, with a desire to afford your neighborhood the advantages enjoyed by other cities which have adopted the junior high school plan.

"We hope by organizing the 7th, 8th, and 9th grades of the course of study on this new plan to give better training to the children of these grades than is possible without the junior high school organization.

"We plan to pay especial attention to the needs and interests of boys and girls of from 12 to 15 years of age.

"There will be more classes of the same grade in the new organization than is usual in the traditional school. This will permit us to group the pupils, more to their advantage, so that the children who naturally

"JOLLIES OF 1924" AUTUMN OFFERING OF KIWANIS CLUB

PROCEEDS OF MINSTREL AND VAUDEVILLE TO GO FOR COMMUNITY WELFARE WORK

An elaborate minstrel and musical comedy revue will be presented by the Englewood Kiwanis club on the nights of October 29 and 30 at the South Side Masonic temple, 64th and Green sts.

The show is called the "Jollies of 1924" opening with a gorgeously staged minstrel followed by a richly costumed musical revue and vaudeville consisting of two acts and six handsome scenes.

Local amateur talent will be used exclusively but the often noticed crudities of such a production will be entirely lacking because the production is under the management of the Joe Bren Production company of Chicago, which has staged thousands of similar shows throughout the country that have won for the concern a reputation for developing professional results from untrained material.

A cast numbering more than fifty, all local, including twenty of Englewood's prettiest and most talented girls, will appear in the various scenes. The musical numbers are all especially written and are of the catchy, tuneful variety.

Elaborate scenic effects and beautiful costuming, all specially made for the sole use of this show by the best costumers, will lend a beauty of background seldom seen. Reports from various cities where this show has been seen state that few road companies equal it in beauty of scenery and costume.

Tickets will be on sale by members and friends of the Englewood Kiwanis club. Proceeds of the show go to the community welfare work of the club.

MILITARY FUNERAL FOR MARINE SERGEANT

Officers from the Chicago marines recruiting station headed by Sergeant Major John Johnston formed a military guard at the funeral Wednesday afternoon, August 20, of Ralph T. Cochrane, 32, 713 W. 65th st. Cochrane, a sergeant of 96th Company, 6th regiment, United States marines, died Sunday, August 17, at the Soldiers' National hospital at Milwaukee where he had been taken the previous Monday. Gassed during the war, he had been a sufferer from tuberculosis for five years, most of which time was spent at the Phoenix, Ariz., hospital, from which he was recently transferred to the Whipple barracks sanitarium at Prescott, Ariz.

The young man had lived in Englewood eighteen years and was born in Chicago. For fourteen years he was in the employ of the American Express company. At the beginning of the war he enlisted, going overseas with the second division and serving twenty-six months as assistant veterinarian.

He leaves his mother, Mrs. Sara L. Cochrane, two brothers, James H. and Andrew H., and a sister, Lynnis M. Cochrane.

Funeral services were conducted from the home by Dr. Claude C. Travis, pastor of the Englewood First Methodist church, assisted by the Rev. Mr. Stearns. At the home as the remains were being lifted into the hearse and again at Beverly cemetery where interment was made the marine guard presented arms. A salute of three volleys was fired at the grave and Trumpeter A. M. Jose sounded the bugle. Other men in the guard, all sergeants, were Samuel Michael, D. R. Robertson, Edward Richard, C. W. Reardon, H. D. Swartz, R. G. Gambrel, E. McCannick, and H. G. Dehn.

SAFE COMBINATION NEAR BUT USE SLEDGE

Burglars who believed that their rewards should come only through hard labor ignored the combination written on a safe in the paper warehouse of Inlander Brothers, 6009 Wentworth ave, but went to work on the strong box with a sledge hammer and chisel when they broke into the place Friday night. Their loot hardly paid them for their work as the safe, which was used principally for storing files, contained but $57.

Silver valued at $100, owned by Albert and Mortie Inlander, the proprietors of the company, was taken when the thieves broke into a deposit box. Entrance was gained to the building by breaking open the skylight on the second floor. In entering the office, two plate glass windows were broken. The damage done in breaking into and rummaging through the files is estimated at $500.

ROOM IS FUMIGATED; FURNITURE IS BURNED

Fire at the J. P. Reis home, 6235 Paulina st., Monday afternoon destroyed the furniture in a bedroom and damaged the walls of the room. Mr. and Mrs. Reis had been away for several weeks and on their return Mrs. Reis placed a pan of sulphur in the bedroom to fumigate the place. The bed clothing caught fire from the flames. A squad from the fire department extinguished the blaze. No definite estimate of the damage has been made.

DELAY IMPROVEMENT MEETING ONE WEEK

The Park Manor Improvement association, which holds its regular monthly meetings the first Monday evening in each month, has postponed its meeting from September 1 to September 8, owing to the Labor Day holiday.

ENGLEWOOD HIGH ATHLETIC COACH SHOOTS SELF

Senior Member of Staff Was at Local School for 24 Years

Frank Pecival, physical director and athletic coach at Englewood high school since 1900, died Monday evening after shooting himself in his head at his home, 1936 S. Ridgeland ave, Berwyn. Returning from a visit with neighbors Mrs. Pecival found her husband lying on the living room floor with a revolver clutched in his hand.

—T. E. Wood Photo

Frank Percival

Dr. J. P. Pecival, a brother, stated Tuesday that the coach had not complained of ill health. A disjointed note addressed to Jennie Pecival, the widow, left on the piano bears out the supposition that the man believed he was losing his mental faculties. It reads:

"Frank was born June 10, 1867—At the baseball and school work which made him famous at the championship at Englewood and Lane ball game some years ago when Mr. Armstrong returned to Englewood, my mind was getting weaker and now our landlord made a finish of me by his unfaithful dealings with me. Now what I will do will make life happy for you, Jennie. Forget me not."

During his twenty-four years at Englewood Pecival watched the school grow from a small beginning to a large institution, conducting his department in such a manner as to win the respect of his fellow teachers. His training was of a high standard, while his abilities were versatile, say those who worked with him. During the first few years in his position, before a woman instructor was placed in charge of girls' gymnasium work, Pecival directed the girls in physical education and even trained them in fancy dancing. His particular line was baseball, in which he was an efficient coach, training several championship and near-championship teams. Until a few years ago he also had charge of basketball and football.

Coach Pecival, a Bohemian, was a product of the Bohemian educational system, and exacted the same strenuous training from his pupils as he had been instructed in. At different times he has been a member of the Board of Athletic Control for the city high schools.

Besides the widow, three brothers and three sisters, all of Chicago, survive. Funeral services will be held Thursday, but complete arrangements had not been made at the time the Economist went to press.

TO SHOW ENGLEWOOD "Y" PICTURES ABROAD

Representatives of the Englewood committee of management of the Y. M. C. A. will attend a luncheon at the Central Department on Thursday, August 27, in honor of Mr. and Mrs. William F. Hypes, who will leave the next day for eight months' trip in the Orient and around the World

Mr. Hypes is just completing ten years of service as president of the Chicago Y. M. C. A., and twenty years as general sales manager of Marshall Field & company, and is making this trip with Mrs. Hypes under the auspices of the International Committee of the Young Men's Christian association. Mr. Hypes will meet with the leading business men in each city visited and advise with them regarding their Association problems and possibilities.

Mr. Hypes is taking with him the pictures of the community activities of the Englewood Y. M. C. A., which he thinks will prove suggestive to association leaders in other lands. These pictures will be shown to the leading business men in all the cities visited, in the form of stereopticon slides.

PUBLISHING COMPANY GETS BUILDING PERMIT

Building permits have been secured for the lots comprising 5932-42 Wentworth ave., which will be the new home of the Messenger Publishing company, now located on 314-24 W. Superior st. Plans have been made to have a one and one-half story building to accommodate the needs of the company. F. M. Messenger is president of the concern. An estimated cost of the new building, which will be occupied by May 1, is $80,000. The Messenger Publishing company specializes in calendar publications.

TWO BROTHERS MEET DEATH ON ELEVATED ROCK ISLAND TRACKS

OTTO MEINECKE IS KILLED INSTANTLY; HERMAN DIES AT WASHINGTON HOSPITAL

"Shooting craps" with ten or a dozen friends, white and colored, on the Rock Island tracks at 57th st. Saturday evening, two brothers, Herman and Otto Meinecke, 19 and 16, 5720 La Salle st., were struck and killed by a southbound suburban train. No one was held responsible at the inquest, held Monday afternoon at the Lawrence morgue, 118 E. 51st st.

James Johnson, colored, 5703 Lafayette st., an eye witness to the accident, testified at the inquest that the group of young fellows were playing with dice in an alley behind the 57th st. Rock Island elevated tracks when they saw a police flivver from the Englewood station approach.

The boys ran, scaling the wall to the tracks. They wanted to play against the man who had picked up the money in the scramble, so they began again on a freight car track. Just then a switch engine nearby discharged steam and the vicinity was befogged. One of the young fellows shouted that a train was coming and all ran west on the tracks. Otto, the younger brother, ran against the engine and was thrown about fifteen feet into the air, while Herman was also struck. All others in the group escaped injury.

Officer Grace, of the 50th st. station, took Herman to the Washington Park hospital about 6 o'clock in the evening, where he died at 8 o'clock without regaining consciousness. Officer Maurice Mullarkey, of Gresham, found the body of Otto on the tracks within 100 yards of the older brother, with the mother crouched over the dead form. The remains were taken to the Lawrence morgue. Herman's body was also removed to the morgue Saturday evening.

Both boys were born in Brunswick, Germany, the family having come to America thirteen years ago. For the last three years they have lived in Chicago. Both boys were employed, giving their wages to the family since they were minors, the older brother, Charles Meinecke, said.

Funeral services were held at the home today, Wednesday morning, and burial was at Mt. Greenwood.

HOBO COLLEGE LEADER MARRIES SECRETARY AT PARK MANOR HOME

MILLIONAIRE WANDERER IS GRADUATE OF HARVARD AND OXFORD

A romance which began when Miss Ingeborg Sorenson was a secretary to James Eads How, the millionaire friend of the migratory worker, culminated in their marriage at 5 o'clock Tuesday evening, August 19, at the home of the bride's aunt, Mrs. M. Thorsen, 7429 Calumet ave. The Rev. Irwin St. John Tucker, 1821 Humboldt ave, formerly chairman of the committee that supervised How's philanthropies, performed the ceremony.

A simple wedding in keeping with the life of How, characterized the service and reception given for a few immediate relatives and friends. The bride wore white. There were no attendants. Mr. and Mrs. How have gone to Michigan City, Ind, for their honeymoon.

Mr. How is known throughout the United States as the organizer of centers known as "hobo colleges," which are established to help the migratory workers, demanded by the systems of labor that call for men at stated times during the year.

How is the grandson of James Eads the builder of the east bridge in St. Louis, Mo. From the building of the bridge the grandfather amassed a fortune. How inherited an estimated $1,000,000. Aiming to return the wealth to the people from whom his grandfather received it How's first plan was to give it to the city of St. Louis. Fearing graft would result from a gift to a city, he found a field for work among the migratory workers.

He is a graduate of Harvard university and of Ruskin college, Oxford, England, and holds a medical degree. In carrying on the work of philanthropy, he lives very simply, providing only the absolute necessities of life. He travels on trains when business demands an immediate report at a place, but most of his journeys are on foot. National headquarters of the organization are at St. Louis, Mo.

NEW COMMANDER FOR SALVATION TEMPLE

A change of officers is taking place at the Salvation Army temple, 64th and Emerald. A farewell meeting was conducted last Sunday night for Field Major and Mrs. Staiger, who have been in charge of the corps for nearly two years. The welcome meeting for the incoming officers, Captain and Mrs. Youngman, will be held on Saturday, August 30.

Captain Youngman comes to Chicago from Detroit, where for two years he has been connected with the special efforts department of the Army in that city. His Salvation Army record also includes four years' service with a military band of the Canadian Expeditionary forces.

Commandant and Mrs. Staiger will leave Friday morning for Port Huron, Mich., to take charge of the Salvation Army corps there. Port Huron is a town of about 30,000.

AMBIGUOUS? A TRIFLE BUT EITHER WAY—!!

Is the proprietor a woman hater? Or does he think a little science might help the modern woman do her husband killing job more neatly?

A 63rd st. window sign reads: "Expert instruction in art of shooting. Ladies invited."

69TH, HALSTED BUSINESS MEN ARE ORGANIZING

E. T. Mullarkey Chosen Temporary President Monday

Temporary organization of another business men's association for Englewood resulted from a meeting of business men in the vicinity of 69th and Halsted sts held Monday evening at Mullarkey's real estate office, 6923 Halsted st.

E. T. Mullarkey was appointed temporary president, and John M. Fisher, 811 W. 69th st., temporary secretary. A name for the association has not yet been decided upon but it will serve the territory from 66th to 74th sts., and from Wallace to May, said W. D. Richards, publicity chairman for the association.

A committee on by-laws composed of Carl Bitler, John Everett, Representative John M. Lee and Attorney S. H. Sugrue, was appointed.

The membership committee is composed of P. J. Doherty, George Arnold, Irving Gold, M. Freyrus, and J. A. Kilvert.

Wednesday, September 3, has been set as the date for the next meeting when officers and the board of directors will be elected, by-laws adopted, and organization otherwise perfected. An invitation has been extended to all business men and property owners within the district to attend this meeting and become affiliated with the movement.

HOLDUP MEN TAKE DIAMOND RING, WATCH

Alighting from a Ford in which they had driven up, three men held up Miss Catherine Hayes, 6413 Parnell ave., and her escort, Thomas Carter, 2607 W. 63rd st., at 71st st. and Crawford ave., Tuesday evening, August 19. Each of the bandits flourished a revolver as the trio's leader ordered Miss Hayes to surrender her diamond ring, valued at $75. Having secured the piece of jewelry they drove off in their machine without harming their victims.

Early Wednesday morning, August 20, two men held up Raymond Hendon, 6314 Lowe ave., at the corner of 63rd st. and Prairie ave., stealing his Hamilton open face gold watch and $23.

A. A. Lipsey, 4363 Lake Park ave., reported to the Englewood police that three men riding in a Yellow cab threw a stink bomb into his Orange cab at the Englewood Union Station, Wednesday evening. Lipsey furnished descriptions of the trio and declared he would be able to identify them should he see them again.

NUMEROUS 17TH WARD STREETS GET REPAIRS

A large number of streets in the 17th ward have recently been repaired by the bureau of streets of the department of public works, at the request of Alderman John H. Lyle.

Macadam repairs have been made on the following sections.

Macadam on Emerald ave., from 63rd pl. to 69th st., Eggleston ave., from 67th to 69th, Harvard, from 69th to 70th, Lowe, from 67th to 69th, La Salle from 57th to 61st, Perry, from 65th to 69th, Parnell, from 59th to 60th, Princeton, from 55th to 61st; Princeton, from 65th to 70th, 57th, from Normal ave. to Wallace st; 69th, from State to Wallace, 63rd pl., from Halsted to Union ave., 66th, from Parnell ave. to Halsted, 66th pl., from Union to Halsted; 70th, from Harvard to Yale, over subway, from 70th st. to R. I. R. R.

Asphalt improvements have gone in on 63rd st., from Harvard to Stewart, 70th st., from State to Yale, and 70th st., from Yale to Wentworth ave.

The macadam streets have been oiled also. The asphalt forces are still operating in the ward.

LOST GIRL RETURNS HOME SAFELY FRIDAY

Pauline Kirkpatrick, 15 year old adopted daughter of Dr. John Kirkpatrick, 6831 South Park ave., returned home safely Friday morning, after having been gone since Tuesday evening. She had gone to the Illinois Central depot with her father, and disappeared from in front while her father transacted business within. Dr. Kirkpatrick notified the Woodlawn police of her disappearance. Friday morning, the girl was brought home by a taxi driver who said that he had found her on the Midway.

"She returned safely and well Friday morning, and we are glad for that," Dr. Kirkpatrick said. "There is nothing else to say about it."

The parents refused to give any information as to where the child had been during her absence. Pauline was adopted when she was 3 years old. She ran away last April.

BANDITS DISAPPOINTED AT LEWIS LAUNDRY

Piling hundred bundles about the safe in the offices of the Lewis Wet Wash laundry, 7031 Stewart ave., to deaden the sound of the explosion, burglars blew it open Wednesday night of last week to find that it only contained $9.10, a number of cancelled checks and a few postage stamps. They took the money and stamps but didn't bother with the checks that were left scattered about the floor.

The burglary was discovered the following morning by S. T. Sellers, service manager. According to Sellers, no large amounts are ever kept in the safe. The thieves broke into the place by prying open a rear window.

SOCIAL AND ORGANIZATION ACTIVITIES

2 Year Old Has Party

Mrs. C. D. Hauerbach, 7628 Carpenter st., entertained Saturday afternoon at a lawn party in honor of her 2 year old daughter, Andrey Frances. The yard of the Hauerbach home was decorated with Japanese lanterns, and each child was given a paper cap and other novelties as favors.

The occasion was Audrey Frances' second party and substituted for the birthday party she was unable to give July 28, because the family was out of the city.

A group of Audrey Frances Hauerback's guests. Standing, Ruth Wierman, left, and Florence Zimmerman. Seated, left to right, Audrey, Elizabeth Nolan, and June Wierman. —Economist Photo

Gives Luncheon and Bunco

Mrs. P. D. Hannan was hostess at a bunco and luncheon given at her home, 5834 Shields ave., on Wednesday, August 20. Prizes were awarded to Mrs. J. Jensen, Mrs. George Sommer, Mrs. J. Callahan, Mrs. H. Kennedy, and Mrs. Fred Sevent.

"Gasoline Alley" Picnic

Sixty-two people attended the picnic held Sunday at the Forest Preserve, 95th st. and Keane ave., given by the automobile owners along "Gasoline Alley" in the neighborhood of 63rd and Loomis sts. Fourteen machines carried the picnickers to the grounds where games were enjoyed and prizes awarded.

The membership of the "Alley" club includes Charles Bender, John Landers, Herman Yandel, Paul Hoffner, William Elliot, W. Young, Fred Klaus, George Chauter, Fred Elke, Al Oehsner, Mr. Campbell, Ed. Yandel, John Schumeman, Rudolph Gnirk, Emil Pommering, William Pommering, Henry Yandel, and George Buske.

Turnquist-Stockseth Wedding

Announcement is made of the marriage of Mis MayNette Bernice Turnquist, daughter of Rev. and Mrs. Carl A. Turnquist, 5849 Carpenter st., to Carter Elliott Stockseth, 1501 North Central ave., on Saturday, August 16, at the home of the bride. Following the ceremony, performed by the father of the bride, a dinner was served.

The bride wore white crepe and carried a bouquet of white flowers. There were no attendants. Only members of the immediate families witnessed the ceremony. A dinner and reception was given after the service.

Mr. and Mrs. Stockseth left for a two weeks' motor trip to Spread Eagle, Wis., and other places. On their return they will live at 1501 North Central ave.

Entertains Quilting Committee

Mrs. G. W. Potter, 6938 Eberhart ave., entertained six women of the quilting committee of the Woman's Society of Park Manor Congregational church, Wednesday, August 20.

Thirty-Second Anniversary

Mr. and Mrs. Richard Erdmann, 7943 Sangamon st., celebrated the thirty-second anniversary of their wedding on Tuesday, August 19. As guests at the reception were Mr. and Mrs. William H. Erdmann, their daughter, Virginia, Mr. and Mrs. H. O. Erdmann, Miss Tillie Erdmann, and the Rev. P. Prokopy.

Spend Evening at Cards

Mr. and Mrs. Christ Steidinger, 6921 Ashland ave., and Mrs. Ida Clausen, 7037 Elizabeth st., spent Saturday evening at the home of Mrs. Pauline Weissensten, 7042 Elizabeth st., at cards.

To Attend State Convention

Many Englewood members of Mecca Legion No. 1, and the Women's Illinois Alumni association are planning to attend the Mooseheart convention at Bloomington, Ill., September 18, 19 and 20.

P. T. A. To Give Bunco Party

The Parent-Teacher association of D. S. Wentworth school will give a bunco party Thursday afternoon, September 18, at the Davis tea room, formerly Rothschilds. There will be refreshments and prizes.

Boat Trip Thursday

Twenty-three members of the Vacation club have signified their intention of joining in the organization's boat trip to Milwaukee Thursday. Mrs. Josephine Ramsey, 7115 Aberdeen st., is chairman of arrangements for the outing.

MRS. A. J. REITZ

—Economist Photo

The marriage of of Miss Rosemary Quinn, 7112 Lafayette ave., and A. J. Reitz, 7721 Lowe ave., took place Wednesday, August 20, at St. Carthage church. The couple are spending their honeymoon at the Dells of Wisconsin and on their return will make their home in Auburn park.

Bunco Party Thursday

A bunco party will be given by Loyalty Camp 5581, Royal Neighbors of America, at Anderson's hall, 69th and Halsted, at 8:30 o'clock Thursday evening, August 28. There will be prizes.

Beach Party on Birthday

Miss Florence Closson, 7018 Calumet ave., entertained several friends at a beach party August 12, in honor of her birthday.

Siljan Lodge To Give Bunco

A bunco party will be given by the initiation staff of Siljan lodge No. 151, Vasa Order of America, at 8 o'clock, Friday evening, August 29, at Hopkins hall, 476 W. 63rd st. There will be many good prizes.

Mrs. Doyle Entertains Sufolla Club

Sufolla Bunco club was entertained Thursday evening at the home of Mrs. Lola Doyle, 1653 W. Marquette rd. Prizes were awarded as follows: first, Mrs. Florence Dooley, 72nd and Ada sts.; second, Miss Grace Gregory, 6835 Paulina st.; third, Mrs. Lena Gregory, 6835 Paulina st.; and consolation was awarded the hostess. After luncheon the majority of the members took part in a discussion of literature.

The next meeting will be held at the home of Mrs. Florence Dooley.

Tuesday Evening Club

The Tuesday Evening club met August 19 at the home of Mrs. Margaret Fitzgerald, 5317 Carpenter st. Winners of prizes included Mrs. Fitzgerald, Mrs. Nora Russell, 6543 Bishop st., Mrs. Mary Burns, 2119 W. Marquette rd., and Miss Russell. Mrs. Russell will be hostess to the club at its next meeting, September 2.

Sherman Club Has "Manless" Picnic

The Sherman Park Woman's club held a "manless" picnic at Sherman Park Wednesday afternoon, August 20, fifty of its members coming out, young and old, married and single. It was the second picnic of the season, the first one being held at Calumet beach a short time ago.

Dancing the Virginia reel was indulged in, the music being furnished through the vocal efforts of the club's well known president, Mrs. Mary Burke.

Games were played and prizes given, the first prize was a laundry bag, won by Mrs. Brecult, the second prize, a berry bowl won by Mrs. Kuntz, and the third, a huge cake in the shape of a heart, was won by Mrs. McCambridge. The "grab bag" was operated by Miss Helen McGinniss and furnished much amusement. Mrs. Frank Kuntz served coffee and a basket lunch was brought by the members. Men were taboo, the only man being allowed to appear being the park director, Major Frederic Kensel.

The Sherman Park club will formally open its winter season with a luncheon to be given at the Chicago Beach hotel, September 3. After that fall and winter activities will follow one another in rapid succession. The club has been growing stronger each season, and has made great progress both in number of members and scope of activities under its present president.

Meet and Bunco for St. Sabina's

St. Sabina's circle, Daughter of Isabella, will hold their next regular meeting Thursday, August 28, at Cosmopolitan hall. A bunco party will take place after the business meeting. All members have been requested to be present and bring their friends.

It Takes 40 Years to Build a Cemetery
Chicago's Most Beautiful Cemetery

Mount Greenwood
Is 45 Years Old

No commissions on lot sales paid to any person.

Real perpetual care—an honest contract—care funds in trust company's hands.

A properly developed cemetery—not a paper cemetery. Seven and one-half miles of sewers and drains prevent any possibility of wet graves or overflowed lots; 4¼ miles of water pipe connecting with the Chicago water system. Every lot in the cemetery properly watered during the dry season.

Lot prices moderate. Should be investigated by everyone wishing to secure a cemetery lot. Such investigation may save the mistake of paying as much or more for an unfinished lot in an undeveloped cemetery as would secure a lot in beautiful Mount Greenwood.

SOCIAL AND ORGANIZATION ACTIVITIES

Cousin Entertains Bridal Party

Welcoming Mr. and Mrs. Carl Henning, 8143 Rhodes ave., on their return from their honeymoon, Miss Hildur Anderson, 6124 Maplewood ave., a cousin, was the hostess at a luncheon and party at her home Saturday evening, August 23. Games were played.

Mr and Mrs Henning were married June 28 at the Elim church, 60th and Peoria sts. Mrs. Henning, before her marriage was Miss Hazel Anderson, the daughter of Mrs. Gustav Anderson, 214 E. 69th st. She was attended by Miss Ann Henning as maid of honor, Misses Mildred and May Tylander, Minnette Swanson, and Hildur Anderson, as bridesmaids. G. Ruben Olsen was the best man, while Oscar Swanson, Eaxel Henning, John Lindblad, and Peter Johnson were ushers. Little Dorothy Henning was the flower girl. Mr. and Mrs. Henning have been motoring through Wisconsin and Michigan. Guests at the party included the members of the bridal party.

Daughters of Isabella Picnic

Calumet Circle, Daughters of Isabella, will close the summer season with a truck party to Lowell, Ind., Sunday, September 7. Reservations should be made at once, the general chairman, Miss Agnes McCloskey, 6954 Eberhart ave., has announced. Members and friends of the circle who expect to go should telephone the chairman at Englewood 3845.

Hughes-Sterling Wedding

The marriage of Miss Marie Sterling, daughter of Mr. and Mrs. Walter W. Sterling, 7307 Union ave., and Nicholas Hughes, the son of Chief of Detectives Michael Hughes, 6016 St. Lawrence ave., will be solemnized at St. Leo's church, 78th st. and Union ave., at 4 o'clock in the afternoon today, Wednesday, the Rev Father Shewbridge, pastor, officiating.

Attending her sister as matron of honor Mrs William J. Mae, 7816 Emerald ave., will wear flowered georgette and carry blue asters and pink roses. The bride will wear white georgette over white satin, trimmed with crystal beads. Her long embroidered tulle veil will be trimmed in pearls, and held in place by a crown of pearls and rosebuds. She will carry white roses and lilies of the valley.

Miss Katherine Hughes, a sister of the bridegroom, as bridesmaid will wear yellow georgette trimmed in Venetian lace with a bouquet of yellow chrysanthemums. Charles Leis, 1327 W. 97th st., and Walter Sterling, a brother of the bride, will attend Mr Hughes. A reception and dinner for 150 guests will be given at the home of the bride at 7 o'clock Wednesday evening.

Mr. Hughes is a member of his father's detective squad, while Mrs. Hughes is the daughter of a city foreman. They will spend their honeymoon touring through the western states, returning to Chicago October 15.

—Economist Photo

At Florence Kracke's party, given last week at her home, 5702 Sangamon st., were these children. Seated, they are, left to right, Jack McMahon, Dorothy McKillop, Billy Andrews from Alabama, Bernard Benson, Florence, the hostess, Wilfred Morin, Lucille Larson, Mabel Larson, Baby Florence Doyle, and Bud McKillop. Standing, in rear, Agnes Johnson, Arthur Hill, Robert Williams, Lois Dick, and Helen Edstrom.

Emily Mertz Gives Lawn Party

A delightful lawn party was given by Miss Emily Mertz, Saturday evening, August 16, at her home, 7328 South Park ave. The lawn was prettily decorated with Japanese lanterns and colored lights. About thirty-eight guests gathered on the lawn, where they enjoyed dancing, games and a wienie and marshmallow roast.

Among those that attended were Mr. and Mrs. Bjorkman, Walter Van Jacobs, Ralph Thompson, Lewis Iverson, of Oak Park, Bob Courtney and his brother, of Logansport, Ind., Ray Walker, of Wilmette, Anna Andersen and Walter Lee, of Logan Square, and others from Park Manor, Englewood, Woodlawn, and Pullman.

Motor to Cedar Lake for Party

Mrs. W. Wiegman, 8227 Bishop st., Mrs. I. Altman, 8130 Justine st., Mrs. Stephen, 7228 Marshfield ave., Mrs. G. Swank, 6828 Winchester ave., Mrs. A. Schone, 28 W. 74th st., Mrs. E. Albright, 6631 Hermitage ave., Mrs. I. Haschrand, and Mrs. Maude Miller, 7228 Marshfield ave., and their children motored to Chicago Heights last Friday where they were joined by Mrs. I. Rosenfeller, and continued to Cedar Lake, Ind. to give a surprise party in honor of Mrs. B. Manthey, 7924 Peoria st., who celebrated her birthday that day. Mrs. Manthey, mother of Mrs. Rosenfeller, is spending her vacation at a summer cottage at Cedar lake.

The party spent the day at games, swimming, boating and dancing. On the return the group enjoyed a chicken dinner at Evergreen Inn.

Miss Fannie Dike Is Married

Miss Fannie Dike, an art supervisor in the city schools, and Willard Wellington Burns formerly of Duluth, Minn., were married at the home of the bride's mother, Mrs. Henry A. Dike, 7202 Princeton ave., at 8 o'clock Saturday evening, August 23, Dr. Arthur J. Francis, former pastor of the Pilgrim Congregational church, officiating. There were no attendants. Thirty-five guests witnessed the ceremony and a reception was given afterward. Mr. and Mrs. Burns left for a motor trip through the mountains. They will be at home at Boise, Idaho, where Mr. Burns has been located lately.

Summer Party for Club

A summer get-together party of the choral unit of the Catholic Good-fellowship club, which was given by Misses Mary and Elizabeth Seghers, at the home of their sister, Mrs. George Krug, 5432 Paulina st., Sunday afternoon and evening, August 24, was turned into a surprise shower for Miss Mary Kanuff, and Alois Spilker, 65rd st and Harvard ave., both members of the club.

Decorations of pink and green were used in the rooms and carried out in the supper which was served at 5 o'clock. Games were played and contests were held to occupy the time of the party. A chest of silver was presented by the members of the club. Mr. Spilker is an ex-president of the organization. Among the guests who attended the party were: Mr. and Mrs. G. Hartke, club director, C. Laurine, Fred Purcker, Thomas McDonald, Miss Ida Rose, and Miss Ida Meckel.

Valentin-Ostrom Nuptials

Miss Elsa Valentin, daughter of Mr. and Mrs. Samuel Valentin, 7544 Harvard ave., became the bride Saturday afternoon, August 16, of John Ostrom, 3238 Union ave., son of Mr. and Mrs. William Ostrom. The ceremony at the Emanuel Evangelical church was followed by a wedding dinner at the Morrison hotel, where covers were laid for twelve.

The bride, wearing a white satin canton crepe dress and carrying a shower bouquet of white roses and lilies of the valley, was attended by her sister, Miss Minna Valentin. The maid of honor's dress was of peach colored canton crepe and her flowers were yellow rose buds. Charles Pooler acted as best man.

Mr. and Mrs. Ostrom are at home at 7339 Yale ave. Mr. Valentin is a buyer for J. Oppenheimer & company, 4700 Ashland ave.

Miss Helen Schwartz of New York City is visiting her sister, Mrs. Jack Schwartz, 6514 Halsted st. While here she will visit the adjoining states and on her return will stop at Niagara Falls and Toronto, Canada.

RADIOCASTING AND OUR COMMUNITY

"It pays to advertise." No one questions the truth of the saying when it is referred to soap, a make of automobile, a house to let, or a bargain sale on dress goods. Just exactly what it means to a nation, a city, or a community to be favorably and widely advertised has never been definitely determined. Certainly it has never hurt Iowa to become known as "the corn state," neither has Gary, Ind., suffered because of the widespread interest in the educational experiments conducted there, nor have continental travelers stayed away from Switzerland because the beauty of her Alps is a byword wherever people are interested in scenic wonders. Directly or indirectly, perhaps often unintentionally, these places have been advertised.

Conscious advertising of a district, for the purpose of bringing in a desirable class of residents, drawing trade to local stores, attracting new businesses and industries, is comparatively new. We have great faith in it.

No one publicity medium has today a wider field than the radio. Just what is the latest estimate of the size of the radio audience in the United States we do not know. Doubtless it would have no degree of accuracy. Many, many receiving sets are sold daily. Further, it takes no precocity on the part of a boy to master the intricacies of condenser and antenna and build his own. It is not inconceivable that before long a home without a radio will be as infrequent as a home without a single book.

And this vast radio public, from California to Maine and from the gulf up into Canada, will soon be hearing of the Southtown district of Chicago through programs sent out from the radiocasting station to be established by Foster & McDonnell in the home of this newspaper, which we hope you consider *your own* community paper.

The Southtown district is of comparatively recent development It has grown rapidly, but we can afford to increase our momentum. We believe a radiocast station, dedicated to the service of the district, will inestimably benefit our future and we are proud that it is to be our privilege to be the moving factor in the establishment of such a station. Programs to be broadcast from the Southtown studio will have popular appeal and every effort will be made to secure, for them, the best talent obtainable. But indirectly there will come a vast amount of publicity for our section.

GROSS INHOSPITALITY

Nearly 15,000 passengers are handled daily at the two Englewood railroad stations, railway authorities told an Economist reporter this week. What proportion of this number could be induced to make use of an attractive Englewood hotel, properly advertised? One-third of the 15,000 are long distance travelers it has been estimated. Supposing half of these are coming into the city. Then suppose one-half of those remaining have some definite destination on the south side. A new group daily, numbering 1,250, that might well be considered prospective hotel patrons. Estimate too large? Well, among the 10,000 suburban travelers handled additionally there are doubtless many who wish hotel accommodations for a night or longer, swelling the possibilities.

The fact that passengers disembark at the Englewood stations indicates that they are not interested in the loop. If they do not, many of them, stay in Englewood while they are in the city it is Englewood's own fault. It is only a twenty-minute taxi or street car ride to the lake front hotel centers where accommodations are available.

The traveler problem is only one phase of Englewood's need for a hotel. But it alone provides no little food for thought. Among other things, the figures indicate that a wisely handled hotel proposition in Englewood could be made to yield big dividends.

Aside from that, when people stop, they usually shop, more or less. There are other benefits, less tangible but equally valuable, to be derived from hospitality to our visitors. Let's build a hotel.

MORE SCHOOL OR WORK?

Hundreds of Southtown school boys and girls finished eighth grade work last spring. How many of them will enroll in Englewood or Tilden high schools, or in a secondary educational institution at some more distant point next Tuesday? We hope the proportion determining to continue their school days will be large, larger than ever before. Parents should encourage young people to get as much schooling as possible, should insist upon it. They are doubtless on the decrease, yet there are still a regrettable number of fathers and mothers who think the instruction schools afford, after the mere fundamentals of reading and writing have been mastered, to be foolishness at the best.

The boy entering the industrial field equipped with an eighth grade education or less may, through his own initiative and native ability, reach the pinnacle of success. In all probability, however, he will remain among the lower stratum laborers, the creature of circumstance who must take what the world metes out to him, entirely unable to forge ahead. A high school or college education does not insure success. But it puts a number of weapons, valuable in the fight for it, into the hands of those remaining in school for the four or eight extra years.

The girl quitting school in the grades, if she has a home and parents to care for her, may fare fairly well, although she will undoubtedly live to realize her limitations. But if she has her own living to earn she must resign herself to the lower paid, menial, futureless positions. Her horizon is immeasurably broadened if she attends high school, while a college, normal, or business course after that will give her an even better running start in the race of life.

The modern high school offers specialized courses for those students who feel they must prepare themselves to enter the industrial field as soon as possible. At the same time they are securing some cultural development, that will materially increase their possibilities of appreciating and enjoying the better things of life. You may be able to get a technical or business training as an apprentice in a shop or an inferior in an office. But there are many things you won't get outside school, unless you are far different from the average individual. Eighth grade graduate, enter high school next week without fail. And if you have finished high school, how about that college education?

Can't afford it? Nonsense. There is today no excuse for a young person to quit school for lack of funds if he has only his own support to consider. He can "work his way." Maybe it will take longer, but it is worth the time and effort. And even if there are other members of the family, perhaps, whom he must help support, a way may still be found.

SCHOOL ENROLLMENTS NEXT WEEK LARGE

(Continued from Page 1)

work more rapidly need not be held back while others are catching up, and those who require more time for instruction need not be discouraged by daily contrast with the more rapid children.

"Also there will be a greater variety of subjects and more interesting and valuable classwork than has been possible heretofore. The advancement will be more rapid and capable pupils will have the opportunity of entering senior high school earlier.

"Cities having junior high schools report that fewer children leave school than under the old plan, while more pupils enter senior high school and handle that work with greater ease. We hope to secure similar results in Chicago.

"In addition to the regular academic work, classes will be organized in Latin, German, French, or Spanish, also work in printing, woodwork, electricity, and metals. Training in typewriting and other commercial subjects will be emphasized.

"We request that the parents give particular attention to the selection of the courses that they wish their children to take.

"Very truly yours,"

POLICEMAN KILLED AND COMPANION SHOT ARRESTING TWO MEN

ONE SUSPECT IS IDENTIFIED BY MAN WHO WITNESSED SHOOTING

Efforts on the part of two policemen from the Stanton ave. station, both of whom lived in Englewood, to capture two colored men loitering at 35th st. and Giles ave. late Sunday evening, resulted in the death of one and serious injuries for his partner.

Officer Cornelius Broderick, 214 W. Garfield blvd., and Officer Edward Mulcahy, 7126 Peoria st., accompanied Lonnie Kennedy, 2501 Wabash ave., to the corner, where Kennedy identified two colored men as the ones who had held him up early in the evening. Mulcahy, who started toward the men, received the first wounds from two shots that were fired. He dropped to the pavement near the center of the street. Broderick rushed to his partner, opening fire on the colored men. One of the bullets from the guns of the colored pair struck Broderick below the heart, and he died a few hours later at the Lakeside hospital.

Mulcahy was operated on at Mercy hospital, where recovery is certain. He was shot in the stomach and in the left leg. Still conscious, before being operated on, Mulcahy said that he thought one of the colored men had been wounded. Police from the district and ten squads from the detective bureau rushed to the south side and many suspects were arrested. William Sims, a wounded colored man at 902 Orleans ave., was identified by Kennedy as one of the holdups. He denied knowing anything about the difficulties, saying that he had been wounded in a fight on State st.

Funeral services for Officer Broderick will be held at 10 o'clock Thursday morning, at St. Anne's church, La Salle st. and Garfield blvd. He is survived by a widow, Mrs. Margaret Broderick, and a stepson, Henry. Officer Mulcahy has a wife and seven children, all but two of whom are old enough to care for themselves.

Chief of Police Morgan A. Collins sent immediate relief to the family of the deceased. They will be taken care of by the Policeman's Benevolent association.

Mrs. W. D. Stewart, 6108 Honore st., and daughter, Genevieve, as the guests of Mr. and Mrs. Otto Geiger, 7206 Princeton ave., are motoring to Dubuque, Iowa. The party will be gone over Labor day.

Mr. and Mrs. H. A. Raber and daughters, Ruth and Bernice, of Tacoma, Wash., left for their home Saturday night, after spending a few weeks with Mr. and Mrs. Seth St. John and daughter, Ruth, 7633 Union ave.

T. F. Chamberlain of the Depositors State bank, Dr. Maurice Kahn, 4631 Ashland ave., and Van Ridgeway of the Ridgeway Paint company, left Wednesday evening for a four days' fishing trip in northern Wisconsin.

BOY GOES OUT TO SEE PONY, BURGLAR ENTERS BY UNLOCKED DOOR

$700 WORTH OF WATCHES, RINGS AND PINS STOLEN FROM QUINLAN HOME MONDAY

Attracted by a photographer with a pony, 11 year old Ferbel Quinlan left his house at 6956 Yale ave., where he had been left alone Monday, and during his absence a burglar entered the place through an unlocked door and stole jewelry valued at $700 from the boy's mother, Mrs Charles Quinlan.

The boy was alone while his grandmother, Mrs. A. Borges, was in the basement washing. When she came up to the flat at noon time she heard some one in her daughter's room. Believing it was her grandson she called to him.

A man ran out of the room and out through the front entrance. Mrs. Borges watched him from the window but failed to see him appear. Upon investigation she discovered that he had gone to the basement and fled through the rear.

Neighbors said that a canvasser had been in the neighborhood selling rugs and that he had gone to the Quinlan home, where he was met at the door by the boy. After the boy left the house they claimed that the man returned. Englewood police took the man in custody for questioning, but since there was insufficient evidence against him, and he denied the charges, he was released.

The loot consisted of a dinner ring set with three diamonds and emeralds, a diamond ring set with sapphires, two gold watches and a diamond stickpin.

LOOK YOUR BEST

By Margaret Magnus

Your Hands

The hands are sure indicators of age and, no matter how well a woman may preserve her face and figure, if her hands become old-looking they will betray her age to the world. As we grow older our hands become thin and scrawny the flesh seems to melt away from the wrist and form rim leaving a net work of veins and muscles that stand out in an unpleasant combination of dark red and purplish blue.

Even if one has fat hands and the flesh stays on the fingers and palms and backs of them still they have a way of their own by which they reveal the fact that they are no longer young. As a rule liver spots appear which are about the same size and appearance as freckles and which cover the whole hand and arm even up to the shoulder.

Now while it is impossible to entirely rejuvenate the hands once they have lost their youthful appearance, it is possible, to some extent to equalize the flesh, to soften and refine the skin and to reduce the too noticeable tracery beneath it. Hands are undissembling revealers of character and, as such, cannot be changed. Whatever improvement is made in them will be ineffectual so far as these disclosures are concerned, however, they can be made more graceful, finer, more delicate of touch and in texture. In other words, they can be trained.

A beautiful hand is a wonderful thing, not only for its conformation, but as a piece of mechanism. Hands that heal by their touch, that wield the artist's brush are beautiful because of the soul that inspires them and it is a loss to the whole world when such hands lose their charm just because of too rapidly advancing years.

Most women do not give their hands proper care or even ordinary care. They plunge them into steaming hot or icy cold water, permit them to become grimy and soiled and handle any and everything no matter how it may mar or toughen them.

Very few people know the value of cold cream in the care of their hands. Instead of scrubbing them mercilessly with hot water and strong soaps a very liberal application of cream, massaged well into the skin and then wiped off would remove the dirt quite well and leave the hands in much better condition. Keep a jar of cream wherever you wash your hands and use it unsparingly—even after washing them a cream of some sort should be rubbed in.

Pure lemon juice will bleach the skin and eradicate, to some extent, those unsightly liver spots. Also, peroxide applied around and under the finger nails will remove the discolorations so frequently found there. The nails, of course, are a problem in themselves but women of today, generally speaking, realize the necessity and the value of regular manicuring and so very little need be said upon that subject.

If the fingers are of the square or too-blunt type, a good treatment is to pinch the finger tips gently, drawing them to a point. This, if persisted in, will gradually taper them. Another good treatment is to massage the fingers from the tips to the palm of the hand, in much the same manner as you would work on a glove.

Nine tenths of our hand-beauty depends upon the gracefulness of the hands and the way we use them. When you handle your knife and fork or when you pick up an object or present it to any one, do not use your hands in a paw-like fashion, make each finger speak for itself.

ANSWERS

Antoinette—There are many depilatories on the market which you can use or you can bleach the hairs around your mouth with peroxide and they will be hardly noticeable. They only way of ridding yourself of them entirely is by the use of the electric needle.

The infant son of Mr. and Mrs. D. Maze, 6513 Aberdeen st, will be christened James Francis at 3 o'clock Sunday afternoon at St. Brendan's church.

ATTORNEYS' BATTLE ENDS IN CHARGES OF CONTEMPT OF COURT

COLLECTOR ACCUSED OF ATTACK ON SANGAMON ST. WOMAN CAUSES ROW

Argument in the case of A. Spizel, 3547 W. 13th pl, charged with attempted rape by Mrs. Julia Jaskat, 6201 Sangamon st., became so heated at Grand Crossing court Thursday morning that both the lawyer for the defense and State's Attorney Otto W. Christopher were charged with contempt of court.

Max Korshak, Spizel's attorney, accused Christopher of interfering with his cross examination of Mrs. Jaskat, and feeling grew more tense. Then Korshak struck Christopher a blow with his fist. The state's attorney reciprocated; the court bailiff separated the men, but not before Korshak had struck a second blow.

Thursday the lawyers will appear to meet the charge placed against them. The Spizel case was continued to the same day.

When question at the Englewood police station after Spizel, an installment collector, had charged that she stabbed him with scissors when he called to collect at the home of a Mrs. Brown, a neighbor, Mrs. Jaskat accused the man of attempting to attack her. He was forced out of the house by Mrs. Brown's 16 year old son.

Spizel denied Mrs. Jaskat's charges when arraigned before Judge LaBuy, claiming that her story was manufactured in an attempt to prevent her arrest for the stabbing.

HAMILTON PARK GIRLS PLAN LABOR DAY MEET

Handicraft displays and a girls' track meet will be the attractions at Hamilton Park for Labor day. Junior and senior basketball throws, 50-yard dashes, high and broad jumps, are among the events that are being arranged. Registrations for the contests are being made this week with Miss Ruth Boyd, girls' instructor, and her assistant, Miss Florence Thorelius. They will be held at 3 o'clock in the boys' gymnasium.

Baskets woven from paper rope by girls of 10 to 14 years of age will be on exhibition in the girls' gymnasium. Embroidery and dresses will be included in the needlework display.

Well I'm all Set!

I Should Be

I WAS to J. B. Meiner & Son, Inc., on 71st St. and ordered my winter's coal supply.

I use the Pocahontas Mine Run and that famous Lone Star Egg Coal mixed. I can get up heat in a hurry and the fire is so easily regulated.

You should go there to order your coal supply, you can pick just the kind of coal you want, and from what I have seen they keep quality coal only. All their coal is inspected before it is unloaded, and if not up to their standard it is refused and turned back to the shippers.

Their Range, Egg, Lone Star, Franklin County, Pocahontas Egg, Pocahontas Lump, and coke are all forked. The Chestnut and Pea Coals are screened. With such a preparation and the natural qualities which their coals contain you are assured of the best coal money can buy.

They are as near to you as your telephone. Call them up.

The Miracle of the Age in Automobile Construction

WILLYS-KNIGHT AUTOMOBILES
Equipped with
NEW LANCHESTER BALANCER

ELIMINATION OF ALL MOTOR VIBRATION IS ACHIEVED BY ADDITION OF REMARKABLE BRITISH INVENTION

COMPLETE elimination of the annoyance of all motor vibration in its Willys-Knight models is achieved by Willys-Overland by the addition of the Lanchester balancer, a new British invention, as standard equipment, in all future production.

This remarkable device, which has been the sensation of European motoring circles for the past year, has been used with phenomenal success on the other side of the Atlantic by leading motor car builders.

Willys-Overland has been able to obtain the American rights to the balancer by special arrangements with its inventor, Dr. F. W. Lanchester, F.R.S., a British engineer of outstanding genius.

Ever since the first days of the multiple-cylinder motor car, automotive engineers have endeavored to conquer vibration. In the beginning when the multiple-cylinder car had replaced the old one—and two-lungers, the vibration in the engine passed almost unnoticed. The transition from one to multiple cylinders was such an improvement in itself that the latter type of engine was regarded as approximating perfection. It was the introduction of the closed car that necessitated greater refinement in the engine.

Balancer Counteracts Vibration

THE Lanchester balancer is based on purely scientific deduction with reference to the causes of vibration in a motor, and is applied in such a manner as to counteract this vibration at all motor speeds. It is a simple corrective device of two small gears attached to the center main bearing of the motor, driven in opposite directions by a third and larger gear at twice engine speed. The third gear is part of the crankshaft. This rotation of the smaller gears, which are drilled in order to distribute their weight evenly, gives equivalent, though opposite movement to the mass of the pistons, neutralizing the vibration which these set up.

This device was first tested by Dr. Lanchester in the cars which bear his name. Results were remarkable, but not long after this factory turned over its entire capacity to the production of engines for aeroplanes. After the war the Daimler Company, builders of Knight-motored cars in England, adopted the balancer. At the present time all Vauxhall cars are also equipped with this mechanism.

Inventor Is Foremost Engineer

DR. LANCHESTER, inventor of the balancer which bears his name, is ranged among England's foremost engineers. In the British "Who's Who" he is listed as follows: "Lanchester, Frederick William, LL.D., F.R.S., M. Inst. C.E., M.I.Mech.E., W.I.A.E., Cons. Eng."

He was designer and works manager of the Forward Gas Engine Company, developed and was general manager and chief engineer of the Lanchester Motor Company, Ltd.; member of the advisory committee on aeronautics during the war; and has published numerous books and treatises on gas engines for motor cars and aircraft.

Willys-Overland's experience with the Lanchester balancer comes as the result of a suggestion to President Willys by Charles Y. Knight, inventor of the sleeve-valve type of gasoline engine which bears his name. Two of the Company's leading engineers were sent abroad in the fall of 1923 to visit both Paris and London automobile shows and to investigate the performance of the new balancer. One of these was incorporated on a Willys-Knight at the plant of the Willys-Overland Crossley Ltd., at Manchester, England. The results were so remarkable that further exhaustive tests were made both in England and America, with the result that the mechanism is now being incorporated on all Willys-Knights being built.

Pursuing its policy to test improvements with utmost care, President Willys placed Willys-Knight Sedans, equipped with Lanchester balancers, in the hands of such engineering authorities as Glenn Curtiss, of the Curtiss Airplane Company, Hiram P. Maxim, of the Maxim Silencer Company, Maurice Olley, Production Engineer of the Rolls-Royce Company, and W. E. Best, of the Remington Cash Register Company. After rigorous driving, this quartet of experts rendered hearty approbation of the new equipment. In his statement Mr. Maxim declared enthusiastically that in his opinion the Willys-Knight was smoother than most of the six and eight-cylinder cars on the road. From 15 to 50 miles an hour with absolutely no vibration was their remarkable experience.

All Willys-Knight models leaving the Willys-Overland factory since August 15th have been equipped with the Lanchester balancer and with 33x4.95 balloon tires on open models and 33x5.77 tires on closed cars.

In addition, certain changes have been incorporated in the timing of the sleeves, size of the ports and other engineering refinements, with the result that the already abundant power of the motor has also been augmented.

OBITUARY

Mrs. Maria Day

The Rev. John John of the North Congregational church of Englewood conducted the funeral services Monday for Mrs. Maria Day, whose death occurred August 22 at St. Bernard's hospital, of cancer. She had undergone an operation on May 10. Interment was at Oak Woods cemetery, Joliet, Ill.

Mrs. Day had been a resident of Englewood for many years. She leaves a son and a daughter, Earl W. Day and Lois H. Day, a sister, Mrs. R. L. Smith, 6600 Perry ave., with whom she made her home, and two brothers.

Mrs. Austin B. Headington

Mrs. Austin B. Headington died suddenly Thursday, August 14. Besides leaving her husband, she is survived by the following children, Harry N., Louise V., John W., Mrs. W. E. Blue, Mrs. R. A. Otton, and two stepsons, Fred J. Headington of Chicago, and Arch L. Headington of Detroit, Mich.

Funeral services were conducted at her late home, 6925 South Park ave., by the Rev. Mr. Anderson of the Park Manor M. E. church, Monday, August 18, and interment was at Mt. Hope cemetery.

Matthew B. Neill

Matthew B. Neill, for about twenty-nine years a public school engineer, died of heart failure Friday morning, August 22, at the Post Graduate hospital. He had been ill a week and was thought to be improving. Mr. Neill had been an engineer at the Felsenthal school, 42nd st. and St. Lawrence ave., since 1893. He was 65 years of age. He lived in Englewood at the time it was but a small town or village. For about twenty-seven years he lived in the Kenwood district returning to this vicinity four years ago after the death of his wife. He then made his home with his son, Walter, at 6412 Stewart ave. There are six other children surviving, Edith, Albert, Florence, Marjorie, Robert, and Mary Neill. He was a member of Local No. 143, I. U. S., and D. E. School Engineers.

The Rev. Mr. Wright conducted the funeral services at 3 o'clock Monday afternoon at the chapel, 63rd st. and Harvard ave., and interment was at Oak Woods cemetery.

Mrs. Frieda Coughlin

The death of Mrs. Frieda Coughlin, proprietor of the variety store at 5701 Kedzie ave., occurred August 13 at the University hospital of acute nephritis. She was 26 years of age and had been in the district the past eight years. She leaves her husband, James F., and son, James T. Coughlin.

The funeral was conducted from the chapel, 5722 W. 63rd st., to St. Gall's church, where requiem high mass was celebrated. Interment was at Rosehill cemetery.

Mrs. Catherine O'Brien

Complaining of rheumatism only a few days before, Mrs. Catherine O'Brien died of heart failure Thursday morning, August 14. Mrs. O'Brien was 48 years old. She had lived in the district four years and was a member of the Ladies' Auxiliary, Ancient Order of Hiberians; the Married Ladies' sodality of St. Theodore's church, and the Christian Mothers of America. Mrs. O'Brien leaves her husband, John M. O'Brien, a daughter and a son, Agnes and John O'Brien.

Solemn requiem high mass was celebrated at St. Theodore's church Monday morning and burial was at Mt. Olivet cemetery.

Mrs. Annie McDowell

Mrs. Annie McDowell, 5716 Union ave., died August 2 at the home of her daughter, Mrs. Maude Crane, of La Porte, Ind., where she had gone when she became ill two months before her death. She was 85 years of age. Mrs. McDowell had lived at the Union ave. address for thirty-five years. Besides the daughter she leaves two sons, Paul C. McDowell, 5517 Emerald ave., and William J. McDowell, 5737 Lowe ave. She was a member of Visitation church.

The family accompanied the body to Pewee Valley, Ky., the deceased's former home, where funeral services were conducted on August 5.

Charles H. Potter

Charles H. Potter, an Englewood resident for twenty-three years and a former street car conductor, died Friday, August 22, of complications. Because of ill health, Mr. Potter had to give up work with the surface lines. His last position was with the drainage force of the Sanitary District. He was a member of the Amalgamated Street Car Conductors' union, No. 241, and Park Manor lodge No. 899, A. F. and A. M. Mr. Potter was 62 years of age. He is survived by his widow, Mrs. Elizabeth Potter, three daughters and a son, Grace, Wilbert, Mrs. O. A. Johnson, and Mrs. M. H. Brown.

The Rev. Johnston Meyer, of Immanuel Baptist church, 23rd and Michigan, conducted the funeral services at 3 o'clock Tuesday afternoon, at the chapel, 63rd st and Harvard ave. Masonic services were held both at the chapel and at Beverly cemetery.

Gustaf Johnson

Following an illness of about six months, Gustaf Johnson, 6536 Perry ave., passed away Wednesday, August 20, at his home. Mr. Johnson, who was 80 years of age, had made his home in Englewood for forty years. He lived at the Perry ave. address for twenty-five years, and previous to that had made his home at 5802 Wentworth ave. There are two sons surviving, Oscar F. Johnson, and Alfred G. Johnson.

Funeral services were conducted at the residence at 3 o'clock Friday afternoon, and burial was at Oakwoods cemetery.

Mrs. Mary J. Young

The death of Mrs. Mary J. Young occurred Wednesday, August 20, at the home of her daughter, Mrs. J. H. Hagemeyer, 7521 Lafayette ave., after an illness of nine weeks. Mrs. Young was 59 years of age. She had formerly lived in the community for about fifteen years. During a twelve year absence she made her home in Rockford, Ill., and Toledo, Ohio, coming to the district again two years ago. Besides her daughter she leaves her husband, J. L. Young. She was a member of Auburn Park M. E. church.

Services were conducted at the home at 8 o'clock Friday evening, and burial was at Springfield, Ohio, Saturday.

Herman Dunkel

Herman Dunkel, a builder and mason contractor, died Sunday morning, August 17, after a long illness and an operation. Coming to Auburn Park about eighteen years ago, Mr. Dunkel formerly lived at 65th and Peoria sts. for a period of twelve years. He was a member of John Corson Smith Lodge No. 990, Odd Fellows. He was 60 years of age. Mr. Dunkel is survived by his widow, two sons and a daughter, Frank, Edward, and Mrs. George Heise.

The Rev. A. Menzel, pastor of the Evangelical Zion church, 80th st. and Normal ave., conducted funeral services on Tuesday afternoon of last week at the home, 8046 Morgan st. Interment was at Bethania cemetery.

CANINE BATTLE ENDS IN HUMAN STRUGGLE

A dog fight in which even the plaintiff admitted the little canine was the attacker resulted Wednesday evening, August 20, in a fist battle between the owner of the big dog, a Boston bull, and the man on whose porch the smaller animal took refuge. The principals when they appeared at Grand Crossing court Thursday gave the names of John Kenny, 6450 Grove ave., defendant, and L. S. Marshall, 54 W. 65th st.

Marshall stepped before Judge LaBuy with a blackened eye received in the scramble. The smaller dog, belonging to a neighbor of the Marshalls, had taken refuge on the porch at 54 W. 65th st., after starting the battle with Kenny's bull dog. When the latter animal approached the same porch Mr. Marshall feared for the safety of his wife and struck Kenny who, he thought, was urging on the animal he held in leash. A brother of young Kenny came to the support of his family honor and the pair succeeded in giving Marshall the worst of the fray.

The judge ordered that a warrant be issued for the small dog, which witnesses said was constantly unmuzzled and unchained, and ordered the case continued to september 3.

BOYS HERE PASS LIFE SAVING TESTS

Englewood boys who passed life saving tests and have just received Red Cross junior life saving pins and emblems are: Wilbur and Alvin Chandellor, 6956 Princeton ave.; Austin Sanford, 6922 Yale ave.; A. Bohart, 7201 Harvard ave.; and C. Mugg, 6833 Perry ave.

To qualify as junior life savers these boys demonstrated their ability to tow a person of their own weight thirty feet by the head carry, cross-chest carry, arm-lock or hair carry, or the tired swimmer's carry.

150 KIWANIANS PLAY TODAY IN GOLF TOURNEY

Fifteen Teams from Entire District to Battle for Cup

Nearly one hundred fifty Kiwanians from the Illinois eastern Iowa district are playing today, Wednesday, over the Oak Hills Country club course, 111st and 80th ave, in the second annual golf tournament held under the auspices of the Englewood Kiwanis club Fifteen clubs of the district entered four man teams to play for the large silver cup donated by the local club, which has been held for the past year by the Valparaiso, Ind organization

Entries were in with Wendell H Williams chairman of the sports and pastimes committee who has active charge of the meet, from ten teams yesterday, and the number was increased when additional teams registered just before play began at 9 30 this morning That the tournament has attracted widespread interest is shown by the fact that teams from the clubs of Berwyn Hammond Aurora Kankakee Valparaiso and other outlying towns have entered as well as Englewood's nearer neighbors Woodlawn, Garfield Boulevard Hyde Park and Albany Park

Valparaiso has a strong delegation out and is determined to carry off the honors again this year The registrations from that city were in early in order that the team might be given the benefit of the pairings There will be no handicaps the play for the large cup to be run off on the Nassau system Under this plan of play, points will be awarded to the winner of each of the nine holes in match play and for the low gross score on the eighteen holes It will be possible for each man to score three points on this system and without losing a single game a team may score twelve points

Englewood's entry in addition to their team numbers nearly fifty They are out for the individual prizes Prizes for low gross high gross, lowest number of putts, highest number of putts, lowest score on any one hole and officers have not been announced but will be awarded by giving the winners the choice of golfing equipment

MOUNTED STUNTS TO FEATURE POLICE MEET

Chicago policemen will outdo their brother officers from New York by three men when it comes to pyramiding men on horses at the annual police field meet, September 6 and 7, which opens the new $5 000,000 Grant Park stadium New York policemen hold the present record of pyramiding thirteen officers on seven horses, but the Chicago mounted police have mastered the trick of getting sixteen men balanced on the steeds and the exhibition they will give riding about the track promises to be a feature of the program

Mounted men will also engage in thrilling exhibitions of Roman racing and tandem riding A horse race in which thirty of the fastest steeds will compete climaxes the program each day Spirited racing motorcycle men will engage in a hair-raising polo game for championship honors A mass physical drill with 1 200 policemen taking part tug-of-war, foot push ball and several novelty races, such as sack, obstacle and shoe are also included

Two police bands one composed entirely of colored police officers, and Chicago's famous police octette will furnish the musical portion of the program The finest exhibition of daylight fireworks ever witnessed in America, it is said together with forty clowns, rounds out the special features.

Prizes valued at $10 000 have been donated which include silver cups, gold watches, chests of solid silver gold silver and bronze medals will be awarded the winners The proceeds of the meet go to the Policemen's Benevolent Association, which takes care of the widows and orphans of policemen killed in the line of duty

HICKORY HILLS OPENS EIGHTEEN HOLES

Hickory Hills Golf club opened its eighteen hole golf course Saturday August 16 Two hundred players and guests were present at the dinner which was served in the new addition to the club house at 95th st and Keane ave

Southtown is well represented in the club, many of the members living in Englewood while the vice president is Edward Vask 6956 South Park ave, and the treasurer James Dohney, 6355 Parnell ave

Marked improvements have been made in the fairways and greens during the past year making this course one of the best in the city yet giving to the public country club golf at public fee prices

At the closing of the old Windsor Park club its president Henr Barry, and Mr. Dohney, who was then secretary, with other representative business men, established the new organization.

Formal dedicatory exercises are being planned for next month, when Mayor William E. Dever has been invited to speak A number of city officials residing in Englewood are members of the club and will take part in the program

Just when the Englewood station policemen got within striking distance of the city title a rearrangement of the schedule set them back where they started but instead of disappointment we find determination written on the faces of the three players and Coach Michael J. Mulvey, who have been largely responsible for bringing the team to the top. Left to right, Louis Kolb 3b; Charles L. Barrett, cf; and Anton Zapolsky, c Coach Mulvey is shown in the insert. —Economist Photo

CHANGE SCHEDULE OF FINALS FOR POLICE BALL CHAMPIONSHIP

TEAMS BACK WHERE THEY STARTED AFTER CAPT. HARDING'S PROTEST

Changes made in the plan of playing for the title in the Police Baseball league caused the abandonment of the game between Englewood and Austin station teams at White City park, that would have decided the honors

Protests made by Captain Harding, who is president of the league, caused the rearrangement of the schedule, and now the teams are practically back where they started

Two more games will be played. The Shakespeare ave station team drew a bye when the schedule was drawn up and they will have only one game to play Englewood and Austin will meet Wednesday at Niesen's park Lake st and Kilpatrick ave, and the winner of this game will take on the Shakespeare ave crew the week following

LEJECK WIS JUNIOR TENNIS TITLE IN S. P. MEET FROM OHLINGER

GRAND CROSSING ENTRIES TAKE TOP PLACES IN BOYS' DIVISION

Edward Lejeck, of Cornell Square won the South Parks Junior tennis title in the final match at Ogden park Saturday, by defeating Harry Ohlinger, of Ogden, in two straight sets 6-3, 6 3 Lejeck whose brilliant playing was the main factor of Lindbloms success in the high school league worked his way to the final round by trimming Harvey Soulman, of Grand Crossing park a member of the Englewood high school team 6-2 6-3 Ohlinger won his semi-final round from Clarence Grisko, of Hardin square by default

Grand Crossing entries walked off with the two top places in the boys division. Joseph Jackson won the title by defeating P O Morris a fellow entry from Grand Crossing 6-2, 6 1 Jackson advanced to the finals by shutting out M Christians of Hardin Square, 6-0 6 0 and Morris won the right to play for the title by upsetting L Davis of Hardin Square 6 3 6 2

The match for third place in the boys' division which carried with it a bronze medal proved to be the hardest fought of any of the games although the play was not so brilliant as seen in the other matches Davis won from Christians 7-5 2 6 6 2

ACE ARROWS SWAMP BLACK HAWKS, 10 TO 5

Driving Harris off of the mound in the seventh with a six run rally, the Ace Arrows had an easy time scoring a 10 to 5 victory over the Black Hawks at Washington Park, Sunday

Rogers fanned fourteen Black Hawks and helped to win his own game with making two hits and coming in with two of the runs

GRESHAM M. E. NIPPED BY RESOLUTE TEAM

Gresham M E, south section church champions, who went through their schedule without a single defeat, were set back 8 to 6 in a practice game with the Resolutes at 89th and Elizabeth sts Saturday

Hofbauer held Gresham to three runs until the ninth and then the Church league leaders registered three more but were still two short of the Resolutes total

F. S. CLISBEE OPENS INDOOR GOLF CLUB WITH 150 MEMBERS

MEMBERSHIP LIST MORE THAN HALF FILLED BY SOUTHTOWN GOLFERS

A new club opened recently under the name of the Englewood Indoor Golf club, at 731 W 63rd pl, promises to be the meeting place of Southtown golfers Fred S Clisbee, golf instructor, who has been located in the community for several years, and writer of "Out of the Rough," the golf articles that appear in the Economist is the organizer of the club and has limited the membership to 150

Although the equipment is not all installed and the formal opening has not yet been held more than half of the membership list is filled The roster of members includes nearly all prominent business men of the community Memberships are sold on a yearly fee basis and give the use of the driving nets the putting course, and the clubrooms, as well as a reduction on the price of lessons

Equipment in the club, which occupies the entire second floor of the building, includes three driving nets, a putting course, lounging and smoking rooms Mr Clisbee will have a workshop in the club rooms for the repair and making of clubs and he has limited the membership in order that he may be able to give personal attention to all the members wants.

The easily accessible location of the club makes it popular and daily a number of the members come and practice at the driving nets during their lunch hour

The clubrooms are the largest of any similar place in the city and are so well lighted that only during the evening will it be necessary to use artificial illumination

Mrs H Burm 1341 W Marquette rd, and daughters, have just returned from a trip to Escanaba and Gladstone, Mich They made the trip in their new Case sedan

BARMAN, BAILEY AID ST. RAPHAEL TO CINCH TITLE

Former Gives But One Hit; Latter Collects Three

Too much Barman and Bailey caused the upset of St Bernardine last years western section National Catholic league champs, at the hands of St Raphael's, 1 to 0 at Byrnes field Saturday Barman chalked up his fifth consecutive win and made it ten straight for St Raphael, cinching the southwest district title

Barman held St Bernardine to one single and walked but two men Not a runner of St Bernardine's reached third during the entire game

Bailey came in for a share of the glory by pounding out three of his teams hits The last hit in the ninth shoved a mate home and broke up the scoreless tie

HORESHOE TOURNEY FIRSTS TO OGDEN

Ogden Park placed first in the open doubles tournament of horseshoe, which was held at Ogden Park Sunday afternoon August 24, under the auspices of the Ogden Park Horseshoe club Lincoln Park placed second. Two teams at Ogden Park tied for first place They were composed of George Donohue and H A Miller playing against A S Starr and John Hogan, each team scoring 251 points Herman Simons and J Fitzsimons of Ogden placed third with 243 points L W. Schultz and L Schultz, jr, of Harvey, Ill, were fourth with 241 points and D Bijeck and H Willette of Ogden made fifth place with 235 points for team scores

This was one of the closest double tournaments ever held on the Ogden Park courts Eight teams scored more than 300 points In the entire meet the order of placing was Ogden Park first Lincoln Park second Harvey Ill club third Armour Square fourth Aldine club fifth and the Tri-State Manufacturing company, sixth

One Lesson, Then He Makes Hole in One

One lesson was all that Fred Cooper, 4009 Ellis ave, a member of the Hickory Hills golf club, needed from B. O Lantz, club professional, and then he went out and joined the hole-in-one club by making an ace on the 220 yard tenth hole. Mr Cooper who began to play for the first time this year, used a midiron to make the shot Dr William Egan, Evan Mickers, and H H Hauer were in the foursome with Mr. Cooper.

HELD TO FOUR HITS, NORMAL ACES LOSE TO STEWART EAGLES

DANIELS NEW SLAB ARTIST OF WINNERS, HURLS GOOD GAME

Harold Daniels, pitching his first game for the Stewart Eagles, held the Normal Aces to four hits while the Eagles won, 4-2, at Hamilton park last Sunday Neither team could score during the first five innings, the Eagles counting first in the sixth inning on O Haras triple and an infield out They scored twice in the seventh on hits by Anksorus and Meigher and an error by Mulcahy

The Aces grabbed two runs in the eighth on a walk, a hit and a wild peg Daniels cut the rally short by fanning Melcher with the tying run on third

The Eagles counted again in the ninth on hits by Anksorus and Meigher Daniels fanned twelve of the Aces players

FORTY SOUTH SIDE BOYS ENJOY OUTDOOR LIFE AT CAMP CUSTER

HERBERT HANCOCK WRITES OF DAILY REGIME; SAYS FOOD IS FINE AND PLENTIFUL

Herbert R Hancock, 6814 Parnell ave, one of the first of Englewood's boys to make application to attend the Citizens' Military Training Camp, which is now in progress at Camp Custer, Mich, has written to Lieut. Devereaux, O R. C, 626 W 69th st, expressing his enthusiasm over the big camp where more than 4 000 boys are taking a thirty day outing at the expense of Uncle Sam His letter follows:

"All Cook county boys left Chicago for Camp Custer by boat We had a fine trip We were met at the train by army officers and were taken to Camp Custer by interurban train, arriving about 11 30 in the morning. We were then marched to the Liberty theater where we were given sandwiches and coffee before being assigned to our companies. By 4 o'clock in the afternoon we had exchanged our civilian clothing for O. D. uniforms, were divided into companies and assigned to tents, our beds and bed clothing had been given us, and we were all ready for business I am a member of Company A' of the basic course

'We get up at 5 30 every morning, except Sunday, and our beds are made up and our tents policed by 6 o'clock. They are inspected every morning so that we have to keep things tidy At 6 o'clock breakfast is served in the big mess hall The food is fine and we have plenty of it. We also have life sized appetites. From 7 until 11 30 we have drills, practice the manual of arms and we have target practice We also have good lectures on citizenship, and what is expected of us as American boys

According to Lieutenant Devereaux, who keeps in constant touch with the Camp Custer officials, there are forty south side boys in the same company with Mr Hancock, sixty in Company 'B' of the basic course, and still others in the more advanced courses These boys are taking very active part in the athletics, four of them being members of the regimental baseball team In all the contests down to tent policing can be found Southtowners among the winners

TRIANGLES BATTLE FOR TWELVE INNINGS TO BEAT PALS AGAIN

MAC DONALD HOLDS RIVALS WHILE MATES OVERCOME LEAD

For the second time this season the Englewood Triangles defeated the Englewood Pals by a 6 to 5 score in their game that was played at the Democratic picnic at the Beverly Forest preserve, Sunday, but this time they were forced to battle twelve innings before they gained the decision.

After Joe Murray was knocked out of the box in the fourth inning, Jack MacDonald, former star twirler of the Sparklers, went in and held his opponents without a run during the remaining eight innings, to earn the victory. During these frames he gave only three hits, which he kept well scattered, and slowly the Triangles crept up and overcame the Pals' four run lead. The count was deadlocked by the Triangles' three run rally in the ninth and the last three sessions were thrillers.

MacDonald proved a good addition to the team, not only because of his mound work, but also because he made three hits. Bud Gardner led the squad with four bingles, two of which were doubles.

The Sparklers and the Triangles will clash next Sunday at White Giants park.

BOAT RACES ARE NEW TO SHERMAN PATRONS

Demonstrations and boat races, which were held at Sherman Park Thursday evening, August 21, showed features of boating that were quite novel to the patrons of the park. Members of the Lincoln Park Boat and Canoe club under the direction of Captain E. Smith, raced on the lagoon. Smith and Thorn of Lincoln Park were high point men in the races.

Places in the various events included:

Single Canoe Race—Captain Smith, Lincoln Park, first; Thorn, Lincoln Park, second; Worthman, Dolphian, third; and Ebberson, Columbia, fourth.

Crab Race—Smith and Thorn, Lincoln, first; Worthman and Griener, Dolphian, second; Ebberson and Marsh, Columbia, third.

Shell Race—Harry Carlson, 5 minutes 21½ seconds; Charles Miner, 4 minutes, 46 seconds.

Gunwale Race—Worthman and Griener, Dolphian, first; Smith and Thorn, Lincoln, second.

Tug of War—Smith and Thorn of Lincoln Park against Ebberson and Marsh, Columbia, won by Smith and Thorn.

OGDEN TENNIS CLUB HAS FULL PROGRAM

Ruth Willard will represent Ogden park in the South Parks tennis tournament at Hamilton park, Saturday, August 30.

The tournament, which had been planned by the Tennis club at Ogden park, for August 23, was postponed on account of the South Parks finals in the junior and boys' tennis, which were played at Ogden park on that day.

Members of the tennis club will have charge of an invitation dance which will be held at the field house, Monday evening. Music will be furnished by the Wonderland Wonders dance orchestra.

A view of Crooked lake, Camp Newaakwa, Wisconsin, conducted by the Chicago Y. M. C. A. for business men of the city.

PLAY PRELIMINARIES FOR O'LEARY TOURNEY

Preliminaries for the South Parks "O'Leary" tournament were played by the southern section of the system Wednesday afternoon at Hamilton Park. Dozens of girls from the various south side parks took part but those most skillful at the game of ball bouncing were A. Haak and A. Rourke, senior winners, representing Ogden Park, and R. Thompson of Trumbull Park and Ruth Goldman of Bessemer Park, junior winners.

Instructors in charge of the O'Leary contest were Miss Ruth Boyd and Miss Florence Thorelius of Hamilton Park, Miss Aileen Gates of Harding Square and Miss Ellen Warner of Ogden Park. Parks represented were Trumbull, Ogden, Hamilton, Bessemer, Burnside, Grand Crossing and Calumet and Palmer Square.

Finals will be played by the four girls who won Wednesday. They will compete against the four winners from the northern parks of the system, composed of Mark White Square, Sherman, Fuller and McKinley Parks, and Cornell, Harding and Davis Squares.

DUNNE WINS 440 RUN IN SOUTH PARKS MEET

In a finish as sensational as any seen in recent years in the South Parks district Wilbert V. Dunne, of Hamilton Park, won the 440-yard dash at Ogden Park, Saturday in the south parks unlimited track meet, fifty-four seconds flat.

Dunne was fourth until about the last one hundred yards, when a brilliant burst of speed brought him abreast the first man, a runner from the University of Chicago. From then on it was shoulder to shoulder to within ten yards of the tape, when Dunne, by great effort, began to gain inch by inch and flashed across the finish about twelve inches ahead of his rival.

RESERVE OFFICERS TO MOBILIZE AT SHERMAN

Mobilization of reserve officers on "defense day," September 12, will take place at different points throughout the city. Sherman park has been selected as one of the mobilization centers for a large number of divisions, the command of Major Philip G. Kent.

Letters of instruction have been sent out by Major Kent informing the divisions of officers and Major Frederic Kensel, director of Sherman park, that the officers must appear in uniform for inspection at the field house in Sherman park at 10 o'clock in the morning, September 12.

Divisions assigned to the park include 319 attack group of the Officers' reserve corps; 223 field artillery; 307 observatory group; 407 photo section; 409 photo section; and 337 service squadron.

From Sherman, which is a regular military mobilization point, the units will go to Grant park to take part in whatever activities may be assigned to them.

BROADCAST LISTENERS CHANGE MEETING DATE TO WEDNESDAY NIGHT

LOUD SPEAKER AND LOW LOSS CONDENSER EXPLAINED AND DEMONSTRATED

To accommodate the growing membership of the Broadcast Listeners' association, future meetings will be held on Wednesday evenings rather than Fridays. At that time the large auditorium at the Hamilton park field house will always be available, while band concerts interfere with the meetings on Friday evenings.

Technical talks were given by several radio authorities, including Frank Reichmann, who explained in simple terms the mechanism, material and workmanship of his company's "Thorola" loud speaker, last week. D. S. Paden and Ed Barret gave a thorough demonstration of their new low loss condenser, completely assembling the apparatus before their audience, and passing completed condensers around for inspection.

In addition to conducting his weekly questions and answers period, M. H. Romberg, electric engineer of the University of Chicago, gave one of his series of instructive talks on the construction of the selective receiver developed by him for R. L. A. members.

Jack Graham, of the radio department of the Herald-Examiner, talked of his paper's service to radio fans, and Walter Wilson, of KYW, told of his experiences as conductor of the "Bed Time Stories," and gave a number of vocal selections.

President Frank H. McDonald, as member of the city radio commission, will have charge of the program at Chicago's first radio picnic, to be given at Grant park stadium Sunday, October 5. Plans are being made to care for more than 100,000 radio fans during the affair.

Demonstrations of radio equipment and athletic events are included in the arrangements, while radio stars and announcers will appear in person.

Diplomatic

Sue—"I can't help it if I'm not perfect. There's only been one perfect little girl."

Mother—"Oh! And who was that?"

Sue—"You, mummy, when you was little."—Sydney Bulletin.

Safety First

"First, I boil the water—"

"Yes, and then?"

"Then I sterilize it—"

"That's right and then?"

"I drink nothing but beer."—Sans Gene, Paris.

PIONEER MERCHANT REMINISCES ON "DAYS OF LONG AGO"

W. D. Richards, one of the pioneers of the present generation of Halsted st. merchants, came into the office Tuesday to bring publicity matter on the founding of the new association at 69th and Halsted sts.

The fact that he was "in at the borning" of the organization led us into reminiscence over the trials and obstacles encountered in the establishment of the Englewood Business Men's association nearly twenty years ago, of which Mr. Richards, Samuel Phillips, F. W. Roepstorff and other pioneers around the corner were the backbone. Only a few of these early association promoters now remain in the community and the early efforts of these men to get together into an association, holding meetings on Sunday in a barber shop, where it was, at times, impossible to get a quorum, was the first of three attempts at organization which finally resulted in the present association.

Mr. Richards, up to the time he moved just south of 69th st. where he is now located and again giving his effort for his neighbor's betterment, was always one of the wheelhorses in the drag to improve community conditions.

Talking over the old times a point was raised that necessitated going to the files of the Economist for the year 1906 and thumbing through, there passed in bold array the advertisements and announcements of the merchants who formed the backbone of the business center of the day. There was the "Capitol," Mr. Richard's credit clothing store, since discontinued, Phillips Bros. furniture, F. W. Roepstorff company, at 63rd and Halsted sts., later to become R. A. Schoenfeld company, Mr. Roepstorff opening his present store at 61st and Halsted st., the Bon Ton Grocery and Market, F. O. Erickson and company at the southwest corner of 63rd and Halsted, now out of business, and Rydells, just east of the northeast corner, now at 61st pl., and many others since gone out of business.

Some of our present merchants served their apprenticeship in these stores and later opened businesses of their own.

We know of some of the present Englewood business men who in their school days earned spending money delivering the Economist to our readers.

Many a chuckle is to be had at the portrayal of the then current styles as seen in the pictures illustrating merchandise in the clothing ads. The feminine apparel with broad sweeping hats, set high on massive overstuffed coiffures with high neck waists having long sleeves puffed at the shoulders and street sweeping skirts, flared at the bottom, containing enough yardage to make several of the present costumes was no less amusing than wide flopping pants and padded shouldered, flare tail coats of the 1906 dandy as he balanced a derby on his mop of unsleeked pompadourless hair.

"Those were the days," said Mr. Richards, "when if on trying on a suit the trousers were long they were just rolled up and if too loose at the waist, a safety pin was suggested to take up the slack."

FATHERS' CLUB PLANS FOR NEW SCHOOL YEAR

Initial plans for next month's meeting, Friday, September 26, were made Friday evening by the members of the Harvard Fathers' club. At that time a membership drive will be started and the year's program outlined. Speakers are to be invited as part of the evening's entertainment, and prizes awarded for attendance. Semi-annual dues are payable September 15 to Treasurer Walter G. Vollrath, 7752 Lagoon ave.

The poll of the Harvard district planned by the Fathers' club has not yet been started because pamphlets requested from the board of education explaining the platoon system have not yet been secured for distribution.

One of the major projects of the club during the coming school year will be the relief of the overcrowded conditions at the institution. Superintendent McAndrew, when interviewed by President H. L. Fellowes and M. Hilkert, promised his cooperation in working for additional space at the building.

"HURRY UP" IS TOPLINER IN BURLESQUE SHOWS

That's it. It's a new show with all the pretty girls one's eye wishes to look at, and is full of peppery melodies that takes the audience with a swing and makes you want to hum and whistle along with the girls.

As for a plot it needs none. There is nothing in burlesque that calls for a plot and it is only when burlesque writers try to make musical comedies out of burlesque that they make a feeble "try" for a story to run through the play.

"Hurry Up," as presented by Otto Klives, is one of the Mutual burlesque attractions that is full of bright, clean comedy, right up to the minute, and its cast is one of equality in all departments.

Jessie MacDonald, one of the female principals, is one of those whose pictorial appearance lend charm to all their songs. Vi Penney is full of pep and originality. Her dancing shows many steps of supreme dexterity.

The comedians, Harry Pepper and Ambark Ali, are creators of many situations which rock you into a storm of laughter. Others in the cast of "Hurry Up" are George Brennon, Jackie Addison, Bernice Clark and Beatrice Savoy.

The costuming is very chic and impressive and certainly has no need for Paris labels, for there is enough Parisian atmosphere in the designs when exhibited by the "Sun-Kist" chorus, which numbers about twenty, to make any American modiste "stop, look, and listen."

The scenery and drapes are very beautiful and original in their construction and it is easy to see why "Hurry Up" has been meeting with wonderful success. The patrons of the Mutual Burlesque Theatres get their money's worth and don't feel as if they have been "stung" after the show is over.

This attraction will be presented next week at the National theatre, with matinees daily.

ENGLEWOOD THEATRE TO OPEN THURSDAY

After receiving the attention of the decorators and renovators during the summer, the Englewood theatre, 63rd and Halsted, will be opened to the public this week, with the first performance Thursday afternoon.

High class vaudeville and short movie subjects will again be given. Continuous shows are to be seen nights, from 7 to 11 o'clock, with the exception of Saturday, Sunday and holiday nights, when two separate shows are to be presented, the first at 7:15 and the second at 9 o'clock. All seats will be reserved for these performances.

Daily matinees are to start at 2:30, and Sunday matinees at 2:15. Harry Waiman's Debutantes are to headline the show opening Thursday, with Eddie Nelson, "The Sunkist Comedian" and his fun makers in a prominent position. Drew & Vallie, two big timers, and three other features are to contribute to a well balanced bill. Pathe News, and the funny Aesops Fable will be shown.

For four days, commencing with a matinee Sunday, a vaudeville organization headed by the famous Eight Chicago Steppers, pretty girls and extraordinary dancers, will dance in and out of a splendid bill. The program includes Ben Pierce and Lee Ryan, in "Age and Youth"; Mary Jayne and Albert Hay Malotte, in "'n Everything Pleasing"; Dick Lucke and His Arcadians; George Ward and Hilda Wilson, in "Fun and More Fun," and Bicknell the Model Baker.

A Revue Deluxe, in which all of the artists will appear, includes Marie Veach's Eight Chicago Steppers and will be something new and different. A special holiday matinee will be given Labor Day.

MORGAN PARK ACADEMY TO OPEN SEPT. 11

Morgan Park Military academy, 2139 W. 111th st., will open September 11 with practically the same faculty in charge as last year. Superintendent Harry D. Abells will resume his duties as head of the school where he has served many years. Indications point to the probability that last year's enrollment of 235 will be equalled or even exceeded.

Philology Books Least Popular, Ever Read 'em?

Every time one looks at a literary page he finds a list of the week's best sellers. But did you ever see a list of the poorest sellers? Too long, you say. Well, we don't know about that.

If someone were to ask you what the least popular books were, you would, unless you were a close follower of the public's literary taste, say that *non-fiction* books were at the bottom of the list. We thought so too, but times change, and while it is true that more fiction books are read than those volumes that are based on fact, still the percentage is not as large as you would expect.

Our ideas on the subject suffered a reversal when Miss Ann Kelley, assistant librarian at the Hiram Kelly library, 62nd and Normal blvd., showed us the figures for the branch during the month of June. Of the 18,293 books that were taken out during the month of July. Of the about one-fourth, were non-fiction. Not an average that would support your ideas as to the unpopularity of non-fiction, is it? And then you must take into consideration the fact that circulation of the fiction books is mostly in those volumes that have been published within the past year.

Mania for "Latest"

"People seem to be suffering from a mania to read the 'latest,' said Miss Kelley. "That is probably because of the advertising the latest books get in the daily papers. Many people come in here and ask for popular books that are widely advertised in reviews and one can tell that the only thing that gave them a desire to read the book they request is that it was so advertised. And the pity of it is that half of the books which get all the publicity are trash!

"Club women read a great many of the newer books in order to be able to talk about them. Many people read the well advertised books just to be able to say that they have read them. And within a year after they are published, these books are forgotten and lie on our shelves to be taken out only rarely. It is lamentable that more of the good fiction, such as works by Dickens, Thackeray, and Scott, are seldom read. Our only calls for these books are from students who are compelled to read them for their classes."

But we started to tell you about the least popular books.

Much Interest in Psychology

In the public libraries, the non-fiction books are divided into ten classes.

First there are the books on psychology, philosophy, psycho-analysis and kindred subjects. Sounds dry and musty? Within the past year, Miss Kelley states, a marked interest in these subjects has evinced itself and the books are quite in demand.

Then come the books on religion, books about the Bible and about the various creeds throughout the world. There is little demand for works on this subject and they are rated next to the lowest in popularity. Sociology, the next classification, due to the interest folk have in the customs, education and other things that are related to other peoples as well as to themselves, puts books of this nature high in popularity. Next on the list is philology. Wait! Don't bother to consult the dictionary. The word means the study of languages and grammar.

Now we've found it. Books on philology are the least popular. One can readily understand why they are. No one would be likely to read them unless he were studying a language or its grammar, and even then, the average person does not require much material for research.

Books on chemistry, physics, astronomy and natural science come under the next classification—that of science—and these are much more popular then one would expect.

Biographies Become Popular

Always a popular classification, that of useful arts, which includes books on handicraft work, engineering and the like, has become even more so since the rush for radio knowledge.

Interest in art and music keep books under the classification of fine arts much in demand. No explanation is needed for the reason the classification of literature leads the non-fiction field. Travel and history are included in the next classification. While there is always a demand for historical works by students, travel in book form is not popular and ranks third lowest in the number of demands made for it.

Biography and autobiography, once an unpopular classification, has risen near the top of the list, since books of this nature are becoming more interesting and more readable.

But after all, we are beginning to doubt whether there is such a thing as an unpopular book. At the Hiram Kelly library, which is a branch of the Chicago public library, fourteen calls were made for books on philology and nearly two [illegible] books on religion were taken out during the month of July.

Too Cheap

Bastus—"Here's [illegible] borrowed from [illegible]."

Sambo—"You dope! [illegible] dat ah don't know [illegible] for me to change [illegible] yuh jes' for [illegible]."

Weeds flew in Marquette Manor and Chicago Lawn last Saturday as a result of the "weed day" proclaimed by the Marquette Manor Improvement association and these fair farmerettes had no small part in the activity. Just look at the size of the plants they are tackling, will you!

Left to right are Mary Condon, Lillian Condon, Maybelle O'Donnell, Mildred Condon and Anna Brown. The weed patch is at 63rd and Artesian. —Economist Photo

SOMEBODY SAID

Mrs. Florence Hart and children, Ruth and Donald, 1004 W. 71st st., have just returned from a four weeks' trip through the West. They visited Yellowstone and various points in Colorado.

Mr. and Mrs. Henry Moran and family, 145 W. 71st st., have returned from a vacation at Cable Lake, Mich. Mr. Moran is the clerk at the Stock Yards police court.

Mrs. Ethel Tessmer, 7644 Normal ave., Mrs. Frank Rambach, 7220 Ada st., and the Misses Rose and Kathren Rambach, 7321 Eggleston ave., enjoyed the week end at Fish Lake, Ind.

Mr. and Mrs. Joseph McBride, 7200 Wood st., motored to Rensselaer, Ind., where they are visiting relatives.

Mr. and Mrs. Carl Schneider, 7543 Parnell ave., returned last week from a two weeks' vacation visiting relatives in southern Illinois.

Mr. and Mrs. John D. Quan and daughter, Geraldine, 7924 Ada st., have motored to New York City. On the return trip they will stop at Albany, Troy, Rochester, Niagara Falls, Canada and various other points.

I. B. Enevold, of the Elmer Jordan real estate firm, 2419 W. 63rd st., with his family has motored to Wisconsin for ten days' vacation. They expected to return today, August 26. They live at 1963 W. 101st st.

Frank Rohan, 642 W. 79th st., is spending the week in Gary, Ind., with his cousin, Jack O'Mara.

Alfred Smith, 7422 Parnell ave., spent last week motoring through Ohio.

Miss Phyllis Weberling, of Peru, Ill., is visiting at the home of Mr. and Mrs. C. F. Gunther, 7143 Eggleston ave.

Miss Mary Flynn and the Misses Mae and Joel Deady, of Chicago, were the guests of Miss Eileen Roman, 642 W. 79th st., over the week-end.

Mrs. Bertha Ralson, 7439 Parnell ave., and family, spent the past two weeks in Douglas, Mich.

Miss Ida Alber has returned to her home in Oconomowoc, Wis., after a six months' stay with her niece, Mrs. William Hanson, 7147 Eggleston ave.

John Stelmach and his sister, Emily, 7215 Peoria st., are spending their vacation at Long Lake, Valparaiso, Ind., as guests of Mr. and Mrs. John Chalupnik [illegible], 7220 Peoria st. Mr. and Mrs. C. E. Johnson and Mr. and Mrs. Otto Gaus, daughters and son-in-law of Mr. and Mrs. Brucker, intend to spend their week-ends at Long Lake.

James and Margaret O'Toole, 6929 Bishop st., dance to Jo Kelly, Jr., for a few days.

The Professional Club [illegible] will have a big party Sunday, Aug. [illegible] at St. Bernard's [illegible]. The [illegible] and [illegible] Sept. [illegible] Tickets are [illegible] and [illegible] for the [illegible] Chicago

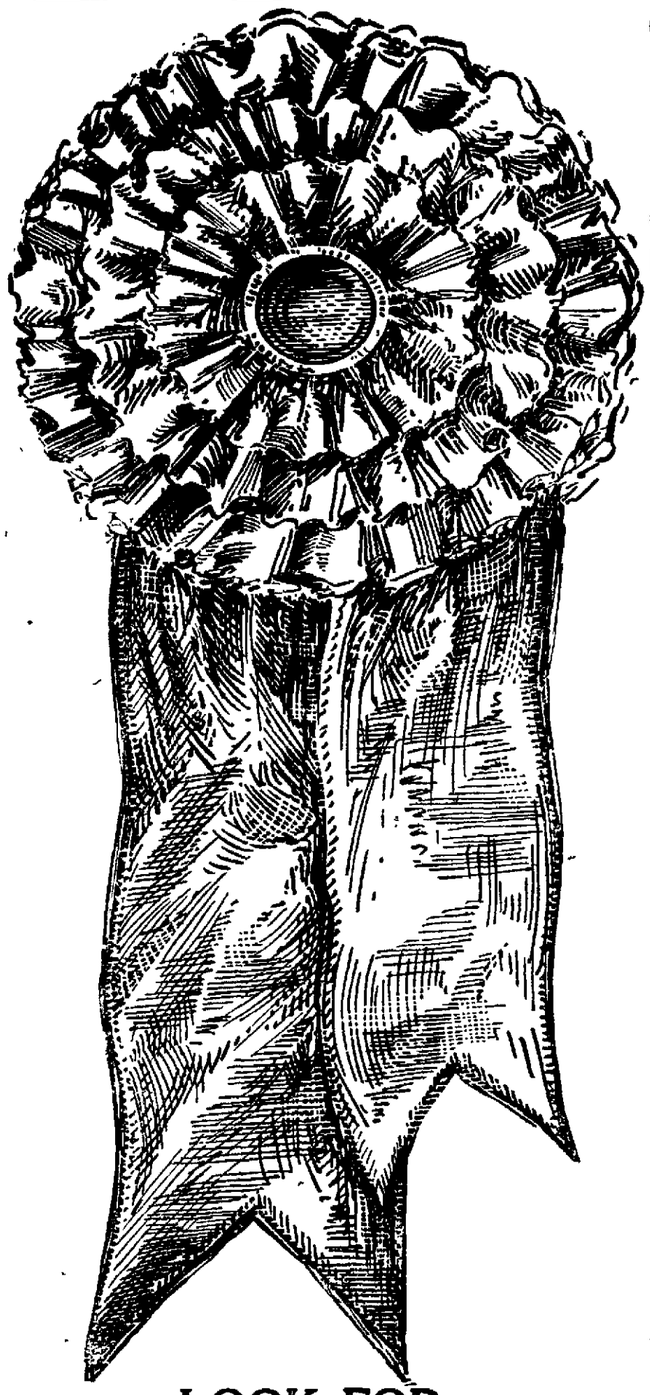
TUESDAY, SEPTEMBER 2nd

Making Blue Ribbon Day of Double Importance

THURSDAY, AUGUST 28TH



We Want You to Trade in Southtown

and offer herewith items that we know to be offered at cost, or a price lower than has ever been offered [illegible] We guarantee the authenticity of every statement made regarding the merchandise offered, and can assure anyone who [illegible] able to shop here on Blue Ribbon Day that they will enjoy the greatest harvest of bargains that have ever been offered [illegible] one shopping center. We are using this method of advertising Southtown for what it really is: "The greatest [illegible] in the city." Come once and you'll become a regular Southtown fan.

EVERY MERCHANT ADVERTISING

In this Blue Ribbon Sale has contracted with the Southtown Economist to sell this item at cost or lower than has [illegible] before. You must not expect any merchant to violate his contract with this paper, and offer this special to you at the same price [illegible] fore or the day after Blue Ribbon Day. Every item offered is offered at cost or so ridiculously low as to make it exceptional [illegible] in order that we may convince most of the people who read this advertisement that Southtown is truly an economical shopping [illegible] thereby become better acquainted with the entire district.

Every Offering Made In This Advertising Is Guaranteed for Value and Authenticity of Statements by The Southtown Economist.

NOT KNOWING

just how great a response to this advertising plan might be expected, the merchants have offered items which, in most cases, even though the demand be greater than their present stock, they will be able to take your order and deliver the goods to you at a later date.

Plan Your Shopping

during the day if possible. [illegible] the reason that all stores are not open Thursday evening. Better selection if you shop early.

LOOK FOR

these items in the merchants' windows displayed with an official Blue Ribbon price ticket on them.

Why You Are Offered These Specials

The business districts of Southtown are probably the fastest growing sections in the entire city. Here you will find wonderful stores of every description, and sufficient of each kind to make shopping attractive and a certainty that your efforts are not in vain. We believe in Southtown and want you also to believe in it. We want you to become acquainted with the districts, their wonderful stores, show houses, transportation facilities, etc. It is a metropolis in itself. We are therefore offering these specials in order that you will be attracted to Southtown at least one time. The merchants are willing—even anxious—to offer a special such as are herewith shown, in order that you might come into the district, knowing that if you will come but once, the prices at which they offer regular goods at will convince you that you can save money by trading in Southtown for all your needs.

Why You Save on Blue Ribbon Day

Every Advertiser, by [illegible] acceptance of his advertising on these two pages, has agreed with this paper that the one item he is allowed to advertise each month under this heading will be sold at cost or at a price which is lower than it has ever been offered for in this city by any other merchant. He has agreed to allow his item to be judged by a committee of impartial business men appointed by this paper as to the quality of the merchandise, the authenticity of his description and the selling price of the item.

POLICE INTERFERE IN DISH THROWING PARTY

That a host should be responsible and take all blame for trouble that occurs to guests in his home is a belief held by Elmer Mulbach, 1136 W. 68th st., but adherence to that principle caused him to spend some time in a cell in the Englewood police station and to pay a fine of $1 and costs in the Grand Crossing court Monday.

Mulbach was entertaining a few friends Sunday and as the party progressed they took up the quaint pastime of having a free-for-all with the dishes. The game, while evident quite amusing to those at the party, was not enjoyed by neighbors who were already in bed. They summoned the Englewood police and the call was answered by Officers Linton, Ward and Gannon.

When the police broke into the flat John Kelly, 5910 La Salle st., held the upper hand in the game. The officers took him into custody and after quieting the others, drove back to the station. Mulbach's conscience began to bother him and within a few minutes he came to the station.

He demanded that Kelly be released. Desk Sergeant Edward Steck told him that Kelly had been booked on charges of disorderly conduct and that he would be taken to court the following morning.

"He shouldn't be under arrest any more than I should," hooted Mulbach. "We were equally to blame."

This argument while it didn't convince him that Kelly should be released, was enough to convince him that Mulbach should be arrested also.

Kelly also paid a fine of $1 and costs.

CHIROPRACTIC
(KI-RO-PRAK-TIC)
CHIROPRACTOR
(KI-RO-PRAK-TOR)

BEAR these two words in mind. Become acquainted with them. In them lies the hope of relief and restoration to the ill and suffering.
It's not many years since Chiropractic was discovered. Yet today thousands who were sick and ailing are restored to Health and are happy witnesses to the merits of this the modern drugless way to health. The handful of pioneers has grown until there are now nearly 10,000 Chiropractors successfully practicing in the face of the bitterest criticism and strongest opposition that ever hindered a new and worthy idea. Chiropractic lives and advances because it is right; because the results it obtains are the best arguments in its favor.
Chiropractic demonstrates that there is a cause for all disease and invariably it is found in the spine. By scientific adjustments, without the use of drugs or knife, the Chiropractor corrects these defects and Nature effects the cure. Through
CHIROPRACTIC THE BETTER WAY TO HEALTH
the percentage of restorations is so large that the necessity for the employment of all other health methods becomes insignificant. It is equally as effective for men, women and children. It is the HOPE for all suffering Humanity. Information gladly given.
